GREETINGS:

In this time of uneasiness throughout the world, a great responsibility rests with you who are now college students.

The better future we all hope for depends largely on you. As tomorrow's leaders, it is your responsibility to make the most of opportunities for knowledge and understanding available here at Northeastern A. & M.

The interests and habits of study you acquire now will likely remain with you throughout a lifetime. It is therefore important that you utilize your time for study wisely and well.

If Oklahoma is to progress and prosper, you students of today must lead the way. On your shoulders we will soon place the responsibilities for state leadership.

Since your chance for understanding and knowledge has been better than ours, we have faith that you will bring to positions of state leadership those qualities of tolerance backed by wide knowledge which will allow our state to realize its full potential.

Sincerely,

A Message From the President

The Progress of Northeastern Oklahoma A & M College is dependent on more than its faculty and physical plant, important as these are. The measure of its success is also a direct reflection of the activities of its students. A college is really great when it has the whole-hearted loyal co-operation of all.

I congratulate the graduating class of 1955 and I wish for you the best in life. I express my appreciation for the contributions made by the freshmen class and look forward to their return.

Commendations are in order for all the organizations that exist on our campus, for without the activities sponsored by these organizations our college life would not be so full. To the annual staff I express my deepest regards for the hard work and painstaking care so necessary in perpetuating the activities of this school year.

Aggie Society, which dates back as far as 1900, is composed of all students enrolled in Agriculture. The Aggie Society has been active at N.E.O. A & M, since 1947.

The purpose of the Society is to promote a wider acquaintance and better co-operation and understanding among students enrolled in Agriculture by presenting programs throughout the year that are of interest to all students.

The major event, which is the climax of the year's activity is Aggie Day, at which time approximately 700 4-H Club and Future Farmers of America boys and girls converge on the college for a day of constructive competition, judging livestock, dairy cattle, poultry, field crops, meats and soils.

The chorus under the direction of Mr. Kenneth Richards performs on many assembly programs. They present a Christmas program each year, perform at many of the high schools around Miami, and present a musical production for senior day.

**Chorus**

Mr. Richards is directing the group, while Majel Huggins accompanist, is playing for them.

The quartet has sung at many places in and around Miami.
The all school band under the capable direction of Mr. Robert Swanson has contributed much to assembly programs, sports events, and parades.

College Bands

The Dance Band with its jazz and dreamy music has played at many dances.
Dear Northeastern our own college
We will ever sing to you,
Praises of our best and noblest
Alma Mater true.

Hail! All hail! To thee, Northeastern
Alma Mater true,
We will ever sing our praises
To the Gold and Blue.

Foster Mother, friend so loyal
Honor, love, and faith we bring,
With your spirit ever near us
This our song shall ring.

Hail! All hail! To thee, Northeastern
Alma Mater true,
We will ever sing our praises
To the Gold and Blue.

**Engineer's Club**

Mr. John Thiesing and Mr. Oren Need, sponsors, are always in the center of all Engineer's activities. Mr. Need organized the Engineer's society in 1946 and from that time it has grown into one of the largest and leading clubs on the campus.

Charles Cummings cleaning his chemistry equipment. Chemistry is a requirement in engineering and many hours are spent in lab by engineering students.

Mr. Thiesing is helping some physics students with their experiments.
Engineer's Club

Miss Pat Lemons after she had been crowned queen of the Engineer's Dance which is one of the leading events on the college campus. She will be succeeded by Miss Ann Cowan of Miami. Miss Cowan will be crowned at the Dance March 19, 1955.

President, Ben Cather, is introducing a guest speaker at the annual Engineer's Day held March 17 each year. Guest speakers from Oklahoma University and Phillips Petroleum Company are here to enlighten the students on their future as an engineer.

The Engineer's chicken fry held at Ben Stanley's cabin has as its chef Mr. Bill Russell. He is shown here handing out the chicken.

The Engineer's picnic is an affair looked forward to by every member and their date.
