The ships of the Vikings had a character apart from all other ships. The structure was more adaptable to short voyages than to a sea of violent storms and dangerous tides. They were shallow and narrow in the beam, pointed at both ends, and eminently suitable for maneuvering the oars in the inlets and bays. As the Vikings readied for a journey, the prow and stern rising high, the dragon’s head was raised to frighten away evil spirits.

ENROLLMENT

After examining the academic areas available, a student enrolls by following the steps illustrated below.

The student applies for admission and is accepted by the Registrar.

During enrollment (or pre-enrollment) the student secures enrollment materials from the Office of the Registrar.

The student then proceeds to his assigned faculty advisor to discuss the desired study area, presents his materials for enrollment, and receives recommendations for a class schedule.

After completing sectioning for classes, the student is billed for enrollment, or in special situations, such as scholarships, the student proceeds to the Business office to complete the final stage of enrollment.

ATHLETICS

FOOTBALL

The Golden Norsemen opened the 1974 campaign with fourteen returning lettermen to build around, plus outstanding transfers and freshmen. Victories rolled past with ease until the Norsemen were handled a deafening defeat by the Indian Hills squad, plus another blow of three forfeits due to an eligibility problem. With a record of 1-4, the Norsemen marched on to defeat their remaining opponents and maintain a 4-4 record.

Ricou de Shaw raises the football in triumph after scooting into the endzone against Cowley County.

Jerry Horrod eludes one tackle and slips into the endzone for six against Baptist Christian College.

Bill Crutcher cuts back on an option for a long gain against the Tulsa JV's.

The student completes the application form, recording academic achievement, active membership in organizations, offices held in organizations, and ways in which the student has represented Northeastern Oklahoma A&M.

After the application is returned, a screening committee composed of the Dean of Instruction, the Dean of Student Services, the Chairman of the Division Chairmen, and a representative from each of the eight academic divisions evaluate the applications to determine the nominees. These nominees are then screened by the Dean of Men and the Dean of Women in regard to citizenship, and the list of nominees is submitted for publication.

Finally, the nominees are submitted to Who's Who in American Junior Colleges for consideration. Those nominees accepted are featured by the printing of their biographies of accomplishment and receive national recognition and praise.

As the journey of the Vikings began, the one large and heavy square sail and the painted shields of the warriors made the sight a terrifying one. The courage of the Vikings was indisputable and as terrifying as the sight of the ships. After plundering and destroying, the Vikings would return their ships toward home, and as the ships came into port, the dragon's head was lowered in order not to frighten away the good spirits.
Digital copies of The Viking, Northeastern Oklahoma A&M College’s annual yearbook, are available in .pdf format on the NEO website for non-commercial purposes only. Scans were created using the best available editions; where stains, color-fading, and contributed marks (usually signatures) were visible on the original they also appear in the digital copy. The edge of some pages in oversized editions may be partially lost due to width limitations on the scanning bed. NEO yearbook editions that do not appear on the website are not part of the collection at present. If you would like to donate a yearbook, please contact the NEO Library.
