Golden Norsemen Finish Successful Season
Gain National Ranking

The 1983 football season was both rewarding and frustrating at Northeastern A&M College. Coach Glen Wolfe's Norsemen climbed to second in the NJCAA national rankings before finishing the season rated fourth. Wins over five tough Texas squads helped NEO produce an 8-1-1 mark and improved Wolfe's six year record to 51-7-2.

Stefan Davy kicked the game winning field goal to highlight the season as NEO overcame Henderson County, Texas 11-10, to win the seventh annual Garland-Shriners Bowl.

That victory helped heal the wounds left by a disappointing 21-20 set back to Coffeyville, Kansas two weeks earlier. The loss to Coffeyville ultimately cost the Norsemen the national title and propelled the Red Ravens to the throne room. The only other blemish on the '83 record was a 13-13 tie in flood conditions at Eastern Arizona.

Seven other victories were over Navarro, Texas 20-7; Tyler, Texas 24-7; Ranger, Texas 50-6; Oklahoma State junior varsity 21-0; Independence, Kansas 58-7; Cisco, Texas 48-44 and Baptist Christian 60-0.

Four Norsemen were honored with post season All-American honors. Jerome Burgess was both a first team linebacker on the NJCAA All-American squad and the J. C. Gridwire team. Collice Powell was an honorable mention selection on both teams at the center position.

Defensive tackle Chris Jones was a second team pick on the Gridwire team while James Lee was an honorable mention selection as defensive end on the Gridwire squad.

The 1983-84 edition of the Golden Norsemen basketball squad turned out to be another state title and Bi- tate conference challenger for second-year coach Larry Gipson.

After posting an impressive 25-7 mark in '82-'83, Gipson and his staff of Brian Agler and Randy Gipson, were able to take three returning sophomores and a group of talented freshmen and mold them into a competitive team.

The Norsemen were led on offense by sophomores Kevin Russell and Bruce Andrews with 16.6 and 13.0 scoring averages respectively. Center Mark Niece and Patrick Eddings joined Chris Thomas, Eric Jones, Fred Watson and Carl Brown to give the squad scoring punch from the freshmen members.

NEO managed to break the 20 victory plateau for the fourth straight year and the team was ranked in the NJCAA top twenty for the first time since the mid-1970s. The year was highlighted by a close race for the league championship as well as qualifying for the Oklahoma Juco tournament.

First-year head coach Brian Agler led the 1983-84 Lady Norse basketball squad to a record-breaking performance. Agler, and assistant Randy Gibson, took over the coaching duties and paced the team to a 20 plus victory total.

By combining talented freshmen with a few solid sophomores the Lady Norse battled arch-rival Connors for the Bi-State Conference title and the state championship.

Transfer Inca Harvey and freshman guard Angela Hill led the Lady Norse scoring attack with 13.2 and 12.6 scoring averages respectively while freshmen forwards Quiana Johnson and Traci McGee led the team in rebounding with 7.2 and 7.0 averages.

As a team the NEO women led the region in team defense allowing just 51.7 points per game.

Agler also got strong performances from sophomores Jackie Rider and Robin Reid and freshmen Sue Thomas, Tracy McCoin and Gloria Lewis.

NEO President faces frustration with hope

The 1983-84 school year. It will always be remembered as the year of frustration and hope or otherwise known as, the year of the cutbacks.

In the 1983-84 fiscal year the state of Oklahoma did not collect the revenue that it had in previous years, thus many institutions and agencies across the state were cutback on state funds. Unfortunately NEO was one of those affected.

In January of 1984, Dr. Bobby Wright, President of NEO, was interviewed on his feelings towards the budget situation at NEO. Dr. Wright stated that if something isn't done about the problem, "there will be a shortage of personnel at NEO next year. Class sizes will also have to be doubled and all activities at NEO will be affected. We have already lost people at NEO and at the state level that will not be replaced."

However, there is still a good fact to remember about the year. "We had a record enrollment at NEO this year and these cutbacks should not affect our enrollment for next year," noted Dr. Wright.

Even with all the problems that Dr. Wright has had to face during his second year as president he is still optimistic about the future of NEO. "I hope that one day we will be able to look back on these experiences and profit from them."

Dobson Presidential Scholarship: A NEW TRADITION

1983-84 was the first year for the Dobson Presidential Scholarship Award. This scholarship was set up by the Nellie Dobson Trust Fund and recipients were selected on the basis of leadership, scholarship and citizenship. These include grade point average, ACT scores and participation in extracurricular activities. Although the scholarship was only open to incoming freshmen this year it will be open to sophomores next year.

College: the place to make

FRIENDS

We had them in high school, but when we came to NEO we had to make new ones. It wasn’t easy, but we made Friends to study with... Friends to party with... And Friends to just be bored with. And although the sophomores have to leave and make new friends again, no one will forget the many memories they helped make.
HANK YOU:

Tim McElroy — for helping us, even though we couldn’t always find you.

Lonnie McElroy — for your lasagna and brownies.

Terri — for all your patience and help, even though you didn’t get paid for it.

Kim and Julie — for being here the first semester.

Brenda — for helping with the index.

and the Photographers — for taking, developing and printing the pictures.

The Viking – the NEO A&M College Yearbook

Digital copies of The Viking, Northeastern Oklahoma A&M College's annual yearbook, are available in .pdf format on the NEO website for non-commercial purposes only. Scans were created using the best available editions; where stains, color-fading, and contributed marks (usually signatures) were visible on the original they also appear in the digital copy. The edge of some pages in oversized editions may be partially lost due to width limitations on the scanning bed. NEO yearbook editions that do not appear on the website are not part of the collection at present. If you would like to donate a yearbook, please contact the NEO Library.
