The women who run discs in the disc pools are not likely to be affected by the Petrillo strike. They are the women who are doing the work at the disc pools, and they are not members of the union that is picketing. The strike is not likely to affect the disc pools because the women who work at them are not union members.

THE NOISE WIND

Which Shall It Be, Yesterday or Today?

If today were yesterday and yesterday were tomorrow—
are we in the year 2065? Perhaps. It was a week ago when
the 35th Birthday of President John F. Kennedy was cele-
bated. The event received national attention.

The anniversary itself was not
held in the usual grand
manner. Why? The
cause of
the modern household's ennui on
birthday is the absence of the par
ty. However, this不会 give
away the secret of the 1965
birthday celebration. It
was held in the form of a
parade. The streets of Washington, D.C., were
lined with people who were parading for the birthday of the
President. This year, the parade was held in honor of
President Kennedy's 35th Birthday. The parade was
a huge success, with thousands of people watching from the
sidelines.
