Facsimile: New Radio Wonder

In our opinion, good things come in small packages. Such is the case with the new radio wonder, the "Phonograph." This marvel of modern science has revolutionized the entire world of entertainment.

The "Phonograph" is a device for reproducing music from records. It is operated by a turntable, which holds the record, and a needle, which is placed on the record. The needle then "reads" the grooves on the record, producing sound.

The "Phonograph" is not only a wonderful entertainment device, but it is also a valuable educational tool. It is now possible to have music in schools, homes, and churches.

X-ray Report

East 8. Lee, survivor of the plane crash, was discharged from the hospital on March 15. He is in good health and will return to college in the fall.

**Holes in the Union**

Now that the last leave here on the campus of E. L. S., everything seems a bit quiet. For the first few weeks of the summer, it was hard to get through the halls without running into someone making a break for the soda fountain.

But now that the time has come for the students to be on their way, the halls are once again quiet. The students who have stayed behind to work or play are enjoying a more peaceful environment.

**Faculty Castor Oil**

Why this title? Because castor oil is one of the most popular drinks on campus. It's both a beverage and a cure-all for all sorts of ailments, from headaches to hangovers. This new drink has swept into town when an enterprising student decided to mix the traditional castor oil with a bit of cola to make it more palatable. Now the students are flocking to the student union to buy their daily dose of this神奇的饮料.

**Hail or “Who Died”**

Many of you students of Northwestern Oklahoma at A. H. M. College were كما**(who died)**” because of the heat and humidity. It’s a common occurrence on campus during the summer months. It’s not just the heat that’s to blame, but also the lack of air conditioning in some of the buildings. Hopefully, the university will address this issue soon.

**BREEZE & I**

It seems that everyone on campus is looking for a way to cool off. The recent heat wave has made it difficult to enjoy the outdoors. The students are looking for ways to stay cool, whether it’s by going for a swim in the campus pool or simply finding a shaded spot to enjoy a cold beverage.

**Sweeping in Summer: Work and Play**

As summer draws to a close, the students are preparing for the new academic year. Many are looking forward to the chance to catch up on their studies and make new friends. Meanwhile, those who have chosen to stay behind are enjoying a relaxing break from the hustle and bustle of the school year.
"How To Fish": Course Begins

To help new fishermen to fish in a professional manner, the National Anglers Association is offering a course in fishing for 10 weeks over the next few weeks. The course will be conducted in the city hall auditorium, and will cover all aspects of fishing, including tackle, casting, and techniques.

Tennis Spotlight Is On Sippy, Bond Duo

Although the Davis Cup team has been named for the men's tennis team, it is also not to be overlooked. The women's team is also strong, and will be represented by Sippy and Bond duo. The duo has been practicing hard to get ready for the tournament.

Solitude

When speech is a make-it-or-break-it factor in a game, it can be a source of stress. But there is a way to enjoy the game without having to worry about the outcome. The key is to focus on the present moment and to let go of the past and future. This approach, known as mindfulness, can help to reduce anxiety and improve performance.

Softballers Hit Diamond

Despite the early morning start, the softball team was able to win their first game of the season. The team played with determination and skill, and were able to overcome the opposition. The victory was a morale booster for the team, and they look forward to the next game.

Students Model

Two popular models, Miss Mark and Miss France, took part in the fashion show along with other models. The models showcased a range of clothes and accessories, and were able to captivate the audience. The event was a great success, and the models received much applause from the audience.
