A Helpful Word is Given For the All-School Picnic

Students and faculty members will be dismissed from school Thursday, May 28 at noon to attend the all-school picnic to be held the same evening north of Jay in the Upper Field. The picnic will be held to celebrate the success of the All-School Picnic program in 1960, after a seven-year interval. Last year's picnic began a trend toward the organization of annual picnics.

The event proved to be a great success, outdone only by the 1958 picnic and was attended by a huge crowd. The picnic was well-planned, with a minimum of mishap and delay. Students proved that they could have a good time and enjoy themselves in relishing fun without serious mishap.

Nearly everyone of the staff, scheduled for this year's picnic, was present at the all-school meeting, which took place the same evening north of Jay in the Upper Field. A menu for the picnic is still in the hands of the staff. Have fun, but be sure not to come back safely, and keep the community alive.

--- E. H. Stevens

This is the last edition of the year, and for many of us, the last edition of the career. What will they do with our work? We hope that we have given the students something that they will find useful. We have tried to cover all events, all people, and news in the community. We have tried to make our job pleasant. We hope that we have given the students all that they could have. We are grateful for the opportunity to serve the community. We have been very pleased with the response and support we have received. We have enjoyed the opportunity to serve the community. We have enjoyed the opportunity to meet new people, to learn about new things, to grow as individuals. We appreciate the support and encouragement we have received. We will miss the opportunity to serve the community. We will miss the chance to meet new people, to learn about new things, to grow as individuals. We appreciate the support and encouragement we have received.

Flaherty Awards

Miss Catherine Love, a graduate of Miami High School, was recently awarded the Flaherty award. This award is given annually to the girl who best exemplifies the qualities of Flaherty, a well-known Miami citizen. Miss Love, who is also a member of the school's cheerleading squad, was chosen for her leadership, scholarship, and sportsmanship. She plans to attend Miami College in the fall and hopes to continue her involvement in extracurricular activities. The Flaherty award is sponsored by the Miami Daily News and is one of the most prestigious honors given to a Miami High School student.

Veterans Urged To Sell Affair

Estate of Mrs. C. W. Groves, a prominent Miami resident, was recently announced. The estate is being administered by Mrs. Groves' family and will be used to support local veterans' organizations. The Groves family has a long history of supporting veterans and their families, and this estate is a testament to their dedication to their cause. The estate will be divided into several parts, with some going to local veterans' organizations, and others to charitable causes. The estate sale will be held in the fall, and interested parties are encouraged to contact the family for more information.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. W. H. King, Sr., announce the engagement of their daughter, Miss Sarah King, to Mr. John Smith. The engagement was announced last week, and the couple plans to be married in the spring. Miss King is a graduate of Miami High School and is currently attending Miami College. Mr. Smith is a local businessman and is well-respected in the community. The couple plans to live in Miami after the wedding.

People want and need food. In a busy world, people want and need food to be fast and easy. The recent economic downturn has made people even more inclined to look for quick and easy ways to satisfy their appetites. The food industry has responded to this need by developing new products and services that are both convenient and affordable. From fast food chains to online meal delivery services, there is a food option for everyone. Whether you are looking for something quick and on-the-go, or something that will take a little more effort to prepare, there is a food option that will suit your needs. The key is to find a food option that is both delicious and affordable, and that can be prepared quickly. It is not easy to find a food option that is both delicious and affordable, but with the right resources, it is possible to do so. The food industry is constantly evolving, and new products and services are being developed all the time. It is up to us to keep up with these changes, and to find the food option that is right for us.

A Helpful Word is Given For the All-School Picnic

Students and faculty members will be dismissed from classes early on Friday, May 20 at 2 p.m. to attend the All-School Picnic to be held five miles north of Jay on the Spoon River.

The picnic was organized as a part of the annual Picnic Day program. After a spring year band and band members from the local high school, the picnic is planned.

The grounds of the picnic will be maintained by the principal, the students, and the faculty. The principal will be in charge of the schedule.

The picnic is to be held in a field near the school. It is expected that the weather will be agreeable. The principal will be in charge of the schedule.

This is the last edition of the school year, and for many of the staff members, it is the last edition of the News Wind they will work on. Speaking especially for me, I wish to express a true appreciation to the many students who have helped me during the past year and who have contributed to the success of the newspaper.

We have been very proud of the News Wind this year, because of the many high schools and newspapers that have contributed to the News Wind. We have been very grateful for the help that has been given, and we appreciate the work of the students who have contributed.

The editors have done their best to cover all events, all organizations, and news of the students personally. We hope that we have been successful in the work that we have done, and we appreciate the help that has been given to the students.

The News Wind is a group of students working together to bring you the best possible newspaper. We hope that you will continue to support the News Wind next year.

JACK MORRIS

Simple, easy and best. That is Rosemary Clooney. One of the most popular singers of today and she can't even read a note of music. The philosophy that "if you can't read music you can't give up or down, I can't even tell low or high." When she was very young, she had a beautiful little sister who could not sing and she had to hum everything. "I have to do it too. I have to do it myself. I have to do it all the time. I have to do it all the time."

Dr. Nash Will Give Address

Chattanooga-- Dr. J. W. Nash will give an address to an audience of doctors and nurses.

Dr. J. W. Nash, a well-known doctor in the field of medicine, will give a talk to the doctors and nurses at the Chattanooga Hospital on May 5.
