Aggie Society Ends Year With Events Planned For 61 High School Entrants

Friday, April 8, the campus of Northeastern Oklahoma A&M college will be swarming with FFA and 4-H club members from the southeast area for the seventh annual Aggie Day. The event will be held on campus.

The high school teams who will be participating in the competition are: Roy, Tahlequah, Grove, Claremore, Wagoner, Sand Springs, Tulsa, Jenks, Broken Arrow, Bixby, Stillwater, Collinwood, Muskogee, Oologah, Elgin, and Sapulpa.

The competition will consist of three events: a public speaking contest, a written test of agricultural knowledge, and a quiz bowl.

The public speaking contest will feature three categories: animal science, crop science, and horticulture. The written test will cover a variety of topics, including agriculture, economics, and environmental science. The quiz bowl will test the teams' general knowledge of agriculture.

The high school teams will be judged on their performance in each event. The team with the highest overall score will be declared the winner.

The event will be held at 9:00 a.m. on Friday, April 8, in the college's auditorium. The winners will be announced at noon, and a celebration will follow.

Country Club Hosts Annual Military Affair

Eight High Schools Attend Annual Newspaper Festival

Eight high schools from the state attended the annual Newspaper Festival, sponsored by the Northeastern Oklahoma A&M college. The festival was held on April 7 and featured a variety of activities, including a newspaper competition and a panel of judges.

The newspaper competition featured 83 entries from the participating high schools. The entries were judged on their design, content, and overall quality. The winners of the competition were announced on Saturday, April 8.

The festival was a huge success, and the attendees were impressed with the quality of the entries.
Parking Regulations

The student council has made a list of several regulations concerning cars on the campus. One of the regulations that has been ratified is the rule against the parking of cars in front of a class room. The reason for this is that the parking of cars in front of a class room causes a disturbance and inconvenience to the students in the class room. The student council believes that this regulation will help to maintain a peaceful and orderly environment on the campus.

Student Union

Students and faculty members of Northeastern A & M should join the Student Union. The Student Union is a group that represents the students of the university. If you join the Student Union, you will be able to participate in the activities and programs that are organized by the Student Union. The Student Union also represents the interests of the students to the university administration. So, join the Student Union today and become an active member of the Student Union.

Campusology

By LOU SPRAKLEY

Northeastern has really been busy this week. Work for the next project has been planned. The project is a study of the campus and the surrounding area. The study will involve the collection of data on the physical and social characteristics of the campus.

The study will be conducted in a manner that will ensure the confidentiality of the data. The data will be analyzed and the results will be used to improve the campus environment.

Time To Think

Meeting with those closing seven weeks of the final quarter there were some exciting events that added to the excitement of the semester. The three main events were the student council meeting, the basketball game, and the concert. The student council meeting was a chance for the students to voice their opinions and concerns. The basketball game was a chance to support the Northeastern basketball team. The concert was a chance to enjoy some music.

Why do more college men and women smoke VICEROYS than any other filter cigarette?

Because only VICEROY gives you a pure, non-mineral, non-toxic filter with 20,000 filter traps in every filter tip!

VICEROY has the filter equipped with 20,000 traps. You cannot get the same filtering effect from a cigarette with a non-mineral and non-toxic filter.

1. VICEROY filter isn't just a wrapp and ribbed to market to meet the new anti-smoking demand. It's a scientifically designed VICEROY filter. Startled smokers more than 30 years ago to create the perfect filter.

2. It's a case report that filtered VICEROYS have the same amount of tar and nicotine as ordinary cigarettes, without filters. Until now a statement that was merely a guess. Now, it's been proved.

3. The VICEROY filter isn't just wrapped and ribbed to market. It's scientifically designed to meet the new anti-smoking demand. It's a filter cigarette. A VICEROY filter.
