Vacations
Start Rush
To Highway

The Thanksgiving vacation at Northmoor College will begin following classes on Wednesday, November 21. Classes will be resumed the following Monday. Christmas vacation will begin December 21, with classes taking up again January 8. The semester is scheduled from January 9 to March 18, and the Easter holiday April 21.

HEAVY TRAFFIC
Because of the heavy highway traffic during each of these holidays, it is of vital importance that drivers proceed with caution. The local police will be on hand at all times to protect you and all others from any possible traffic accidents that may happen.

A SPECIAL STAMP—Basketballers (from left) Ed Scheckard, Nolan Fagatree, and Steve Ward are shown with the special stamp commemorating the 50th anniversary of basketball. Dr. James Naismith, by the way, was born in Almonte, Kan. He also served as the YMCA training school for the U.S. Post Office.

Dr. James Naismith, born 1861, died 1939, was the inventor of basketball. This month, 20 years after his birth, Naismith is honored by the U.S. Post Office with a commemorative basketball stamp. Naismith invented the game in 1891 at Springfield College, Massachusetts. The first game was actually played January 28, 1892, at Springfield College, and the game is still played today.

PEACH BASKETS
Naismith banded three peach baskets and lashed them together to demonstrate the game. The peach baskets were used until the ball was introduced in 1931.

NORMAN—Dr. Naismith is also the inventor of the peach basket. The peach basket was used in the early days of basketball. The peach basket was made of wood and was suspended from the ceiling. The peach basket was used as a target for the basketball players.

PARADE WINNER—"50th Tile" is the final winner of the industrial society's final, judged by the judges. The winner was announced by Cassie Price. James Jamieson and Randy Kimberly. The event was held at the campus on campus of Springfield College.

WILLER DAVIS
Waller Davis has been named basketball coach at Northmoor College. He will serve in this capacity for the next three years. Activities will begin as usual.

Schedules Announced For Tourney

The annual basketball tournament will be held at the Northmoor College campus on Saturday, November 21. The tournament will feature teams from the Midwest and the South. The winning team will advance to the next round.

PAGE WARNINGS
State Commission on Public Safety Ray D. Page, today issued a plea to all students at Oklahoma colleges and universities to drive carefully while traveling to and from their homes during the upcoming Thanksgiving recess. "College students should be among the best drivers we have," he said. "They are young and have not enough to have executive success and intelligent enough to realize the dangers involved in the highway at this time of year.

POOR NEEDED
Students who drive home during the holidays should have their drivers license with them at all times. If they are driving to a destination, follow traffic rules and never drink before you drive.

ROAD CROWDED
He also cautioned students to realize that a great many others will be taking trips over the holiday and that roads might be somewhat congested. Heavy traffic increases the chance of accidents. It also increases all other driving hazards.

At this time of year, bad weather is possible at any time. Rain, fog, or snow will increase the possibility of accidents. All of these conditions prevail.

TIMELY IMPORTANT
Commissioner Page also reminded students who are carrying passengers of their responsibility to prevent their fellow passengers from driving under the influence of alcohol.

"You have a great responsibility towards the life and limb of those with you. To take unnecessary chances which may end in a long jail term is criminal," Page said.

Dr. James Naismith, born 1861, died 1939. This month, 20 years after his birth, Naismith is honored by the U.S. Post Office with a commemorative basketball stamp. Naismith invented the game in 1891 at Springfield College, Massachusetts. The first game was actually played January 28, 1892, at Springfield College, and the game is still played today.

Dr. Naismith, a former YMCA instructor, set out to create a fast competitive game suitable for small indoor quarters during the winter months. He used peach baskets, which he hung up on the walls of the gym, and 12 rules of which seven are still basic today.

BORN IN CANADA
Naismith was born in Almonte, Ont., Canada, and graduated from McGill University. He spent most of his career in physical education at the University of Kansas. He died at his home in Lawrence, Kan. Now there is a Naismith Memorial Hall of Fame. It was constructed in 1939 on the campus of Springfield College.

CAME AS SURPRISE
The announcement of a basketball tournament came as quite a surprise to many in view of the fact that the Post Office recently refused to issue a stamp commemorating the golden anniversary of the nation's first official air mail flight. In the absence of popular sentiment, the Postal Department backtracked, and a $5 gold coin was used to commemorate the event.

IN CANADA
Naismith served in World War I and returned to his work at McGill University. He spent most of his career in physical education at the University of Kansas. He died at his home in Lawrence, Kan.

The appearance of the stamp will coincide with the 50th anniversary of the game.

Aggies Join Youth Fitness Program

The Aggie Club has dedicated itself to improving the health of the nation — and at the same time, improve the financial condition of its pocketsbook.

By a complicated process, the Aggies have over 200 therapeutic vibrators (Beau Mode by name) which they intend to sell for $1.00, including the guarantee.

The vibrators are advertised to retail for $3.00. Harry Syner, head of the agriculture department, said.

Iron Rods, president of the Aggie Club, said, "To realize the alarming trends regarding the health of the nation one need only to consult the daily newspapers, newsmen and other news media. In answer to the increased demands of the nation's physical well being, Beau Mode for the first time brings to the home, relief for millions through Kinesthesia." (Editor's Note: That's what he said.)

Instructors Investigate Job Abroad

Four instructors at Northeastern A&M have expressed an interest in teaching abroad.

These instructors are: L. A. Hull, Robertson, Will, Mounzer, Myron Jacobson, and Bob Swanson. The teacher exchange program is authorized by the Fulbright Act and the Smith-Mundt Act. It is administered by the Department of State in cooperation with the United States Office of Education.

Reference is planning a trip to Europe, and will have shortly after the first of the year, returning in the spring. However, he will not teach during this visit.

The other instructors have expressed interest, however, they will not be eligible for teaching abroad until 1963 if they decide to do so.

American elementary, secondary and junior college teachers in all fields may apply for approximately 45 teaching positions abroad during the 1962-63 school year and for the academic grants for the summer of 1963.

There are opportunities for summer semester instructors of modern languages in Colombia, France, Germany, Italy, and Spain for teachers of classics in Italy; and for teachers of history in France and Italy.

Fifty countries have participated in this program.

BETWEEN BITES... get that refreshing new feeling with Coke!
Marlboro—
campus favorite in all 50 states!

...It's a top seller at colleges from U.S.C. to Yale
...and 1st in the Flip-Top box in every single state

If you think you're seeing more Marlboro men lately, you're right. More than 25,000 smokers all over the country are switching to Marlboro every month!

You'll know why when you try them.

Marlboro is the filter cigarette with the unfiltered taste. The secret of the flavor is the famous Marlboro recipe from Richmond, Virginia... and the pure white Selectrate filter that goes with it.

Try Marlboro and judge for yourself. On or off campus, you get a lot to like.

Flip-Top box or King-size pack
Too Many Hours

Many students are anxious to get the holidays out of the way and move on to college. Some students are so busy working part-time jobs or trying to save money that they have little time to enjoy the holidays. This can make it difficult to balance schoolwork and personal time.

Letters Wanted

Have you ever wanted a change in your routine? Perhaps you want to write to someone you’ve never met before. Letters Wanted might be for you.

Boys Can’t Wash Clothes

If you would like to add a bit of spice to your wardrobe, try washing your clothes! It’s easier than you think.

Pathetic Vandal

In the north focus of OUU’s student center, a vandalized graffiti sign is seen. This sign is a common sight in the student center.

No Magazines

At the present time, the college newspaper, the undergraduate magazine, and the official college publication, the student newspaper, are all out of print.

Share News With Folks

It is suggested to students to keep their parents informed about their lives and interests. It is important to maintain a close relationship with your parents.

A McNatt’s Worth

Friday Night & The Ball

Donna McNatt’s column this week focuses on social events on campus. She highlights the importance of attending these events to meet new people and enjoy the college experience.

The Civil Center was decorated with a ceiling of purple and gold streamers and a large banner in the center of the dance floor.

The final touch was the AFRICAN Queen, which was uniquely decorated. There was no grand march or coronation, no king.

It seems with a queen as lovely as Kathy Bashaw, they could have thought of an equally lovely way to honor her.

DIREND!

Have you ever known a girl at a party? Or laughed hysterically at the humor of one? These things and more will happen when NNO presents the 25th century melodrama, “The DIREND!”

This play has a true-to-life villain complete with black cape and twisted mustache, and the original script—open华容派的音乐。

The story is a hilarious adventure of a bank detective who can’t pay her rent to the villain and is finally saved by the hero.

Fashion and Hare & Loin

One of the clothing advertisements biggest hits in the college set. Now that doesn’t mean that just because they say we are striving for the Ivy League look, it means it.

But it’s face, faded blue jeans and ankle-socking socks are not. For the time, anyway. No one expects us to be fashion conscious school, but it doesn’t cost much to be neat.

A college campus is nothing without people, and if those people still think like Harry Highbrowes, then the campus looks like Harry Highbrowes.
The Norsewind – the NEO A&M College Newspaper

Digital copies of The Norsewind, Northeastern Oklahoma A&M College's student newspaper, are available in .pdf format on the NEO website for non-commercial purposes only. Scans were created using the best available editions through the assistance of the Oklahoma Higher Education Historical Society from microfilmed images. Where stains, color-fading, contributed marks or ripped pages were visible on the original, they also appear in the digital copy. NEO newspaper editions that do not appear on the website are not part of the collection at present. If you would like to donate a missing, damaged or incomplete copy of The Norsewind, please contact the NEO Library.
