Smith, Jones Begin Terms In Highest Class Offices

BY JANICE CLAY
Smith and Jones may not be common names, but there is nothing common about the young class that these names belong to. Both have been elected to the highest office of their class, president!

Gary Smith, a political science major from Tulsa and the son of Mr. and Mrs. Elouise G. Smith, was elected president of the sophomore class Wednesday.

Jim Jones, a speech and drama major from Minneapolis and the son of Mr. and Mrs. Kenneth C. Jones, was elected president of the freshman class. Both have one other thing in common—they were very, very surprised about the whole thing.

In an interview with the Norse Wind about the election, Gary expressed his surprise with the victory. "I am surprised and happy," he said. "I hope the class will have more enthusiasm and unity throughout the year. If students have an opinion about anything, we would like to hear it.

Jim wants to continue the freshman class cards as a means of raising money. "This worked well in the past, and I think it should be continued. I don't think too many people objected to it," he said.

Officers elected to serve with Gary are: Jimmy Johnson, vice-president; Barbara Tinsley, secretary-treasurer; Haskell Boundy, secretary, and Bruce Walker, Miami, student senate representative. Sponsors of the class are Jack Rucker and Homer Thomas.

Officers elected to serve with Jim are: Mary R. Hough, vice-president; Burton L. N. Sears, secretary-treasurer; Jerry Atkinson, treasurer; Polly Sanders, secretary, and Roger Hadley, greeter. Student senate representatives are: Mrs. William Russell and W. E. O. Gresham.

'Senate Starts Term

BY CYNTHIA SIMAR
A larger and better organized student government is being formed by Charles Burwell, an arts and science major from Muskogee, who is the new Student Senate president. Genn Hambly, an agriculture major from Miami, is the new vice-president. Colleen Holtgraves, secretary in the Petty room, is the new secretary.

The current school year could easily be the most successful in the history of NEO A&M college as far as the students are concerned," said Burwell. "With hard work and vigorous cooperation on the part of the students, the administration, and the student senate, new and exciting programs may be established.

Included in the senate's plans are better meetings, more cultural assemblies, and the staging of Friday night dances.

The organization also urges more student participation in campus activities and more support of sports events.

In regard to the senate staff, Burwell stresses that student attendance will be required and that parliamentary procedure will be enforced. A judiciary council will be formed in order to expand the powers of the senate. The organization meets every Tuesday evening in the lounge of the Student union.

Parking Regulations Outlined For Autos

A student who drives his car to school and parks it on campus may find himself with a fine or a towing bill if he does not observe parking and registration regulations. These regulations were distributed during orientation; they are reprinted below so that students may become better familiar with them.

A student or faculty member owning a car must have it registered. If it is not registered, a $50 fine may be involved.

Drivers having permits should always park in designated areas. Only drivers with permits will be allowed through the south entrance.

Parking is prohibited on the drive way behind the Administration building, south of Commons Hall, areas of the college gas pumps, service, entrances, or any solid-paved area.

Students will not be allowed to park in the faculty area.

Owners of cars parked in the unauthorized areas will be fined one dollar for the first offense. After the first offense, the car will be impounded and moved away at the owner's expense.

**OMA Forfeits Game To NEO**

After beating the Golden Norsemen 13-7, Oklahoma Military Academy was forced to forfeit the game because of an ineligible player.

Major Frank E. Bear of OMA voluntarily submitted the information to NEO that he had found one of the players to be ineligible.

Ken Turnbull, a 300 pound guard and a top performer in the OMA defense, was ineligible because of transfer status not revealed when he entered OMA.

Major Bear stated in his letter that the football scholarship was given to Turnbull on the assumption that he had not been enrolled in any school since his graduation from high school. On his enrollment at OMA he made the statement that the last school he attended was Sapulpa High School.

After investigations, Thomas found that he had entered Northeastern State at Tahlequah in 1951 and withdrew in Nov. 1951, then entered Lamar, Col., Junior College Sept. 1952.

The Oklahoma Jace conference, in which OMA is a member, does not allow participation by transfers.

When informed of this, Norse Coach Red Robertson commented, “We certainly do not like to win a game this way and have regrets for OMA. The player was power against us and there is no way of knowing how the game might have come out if he had not been the lined.”

The Norse are scheduled to play Trenholm Junior college at a Saturday night meeting. Trenholm was beaten by the Norse last year by a 38 to 0 score.

**CARTER WINS GRID CONTEST**

John Carter, NEO student, recently won a five dollar first prize in a football contest sponsored by the Miami News-Record. Carter correctly picked the winners of thirteen college football games, has missed a $100 bonus offered for guessing the score of a specified game.
