'Frosty Fashions' Set For January

"Frosty Fashions," the theme chosen for the annual home economics style reveal, will be presented to the Carrier Student Union Ballroom Jan. 18, 9:30 p.m., according to Mrs. Dorothea Rivers, college home economics instructor.

Students enrolled in college clothing and tailoring classes will model their own creations as Lida Boston, Pryor sophomore, emceed the reveal.

College faculty members and students will be admitted on presentation of their identification cards. Other guests may purchase tickets from home economics students prior to the reveal. Tickets will also be available at the door.

Students who will be participating in the fashion show include Gilda Paster, Ada; Nancy King and Charlotte Victor, Afton; Barbara Pomer, Anadarko; Judy Blythe, Dollestick; Maggie Hamilton and Jennifer Moore, Bartlesville; Darlene Worsh, Rig Cabin; Betty Doudle, Clinton; Carla Arnold, and Nancy Trelfa, Commerce; Sue Clifford and Debbie Bratton, Cimarron; Gail Redman, Cushing; Terri Furlong, Del City; Viola Brewer, Checotah; Janet Jones, Coffeyville, Kansas; Barbara Edens and Kathy Edens, Latimer County; Helen Clay, Orchard, Garret, Gloria Gimmes, Ava Hill, Bodie Skipley, Veta Stanley, and Virginia Stiver, Miami; Jackie Schwandt, Oklahoma City; Barbara Billy, Sapulpa; Domenico Carideo, Marilyn Searcy, Del City; Donna Lou Binkley, Ann McGee, and Judy Honaker, Okemah; Mary Spons, Wichit.

Phyllis and Janet Cooper and Becky Victor will model garments made by their older sisters.

NEO Accepted In Denver Show

Northeastern A&M's livestock judging team was scheduled to enter the collegiate judging contest at the National Western Stock Show Jan. 13 in Denver, Colo.

Previously, NEO has been unable to enter the contest, for it was limited to senior colleges and junior colleges within Colorado. Neil Burcham, judging team coach, commended the students involved in the judging team for their efforts.

The team will be represented by Eric White, a senior from Stillwater; Joey Telander, a senior from Tonkawa; and Chad Sklar, a junior from Tonkawa.

NEO 22 Progresses On NEO Campus

"Operation 22," a program designed to raise funds for a certain area to be dedicated in Dr. Dyer's name on the NEO campus, according to Charles Arndt, dean of student affairs.

Students are asked to donate to the fund a minimum of 25 cents. Each contestant representing a year the Dyer's tenure with the college.

When donating to the fund, the Business Office, Paul Campbell, Student Senate president, requests that students designate whether their contribution is to be placed in the scholarship fund or the memorial fund.

In past weeks doors canvases have been extended from the regular hours. For this privilege students are required to pay one penny per minute to be placed in the memorial fund.

Angie also announced that the Piette Poka would continue to donate a replica to the contest if NEO were permitted to enter. In response to Burcham's letter the former requested that NEO be allowed to enter and compete against junior colleges from Colorado.

Faculty Names 30 To '68 Who's Who

Jack Rucker, Northeastern A&M English instructor and sponsor of the college yearbook "The Viking," recently announced the recipients of the honors of being named to the 1968 edition of Who's Who Among Students in American Colleges and Universities.

Faculty members named their selections on scholastic achievement at the college and participation in extracurricular activities.

The 30 outstanding students, who will be featured in the college yearbook and also in the Who's Who magazine published in Atlanta, Ga., include 12 juniors and 18 seniors.

An accounting major from Pryor, LINDA BOSTON, has a grade point average of 3.68 and is secretary of both the sophomore class and the Aggie Society. A member of the Order of Pi Kappa, the college choir and girl's quartet, Business Club, and the Student Senate, she has been named both the President's and Dean's honor roll. She also serves as the student senator representative for Phi Theta Kappa.

LINDA ROYER of Miami is an accounting major. Serves as student senator representative for Phi Theta Kappa.

MARY BRYANT, Seneca, Missouri, psychology major is a member of the college Student Senate and Phi Theta Kappa. She has been nominated for the Dean's honor roll each semester, and is particularly interested in the Baptist Student Union.

President of NEO's Student Senate, PAUL CAMPBELL, who is native of Canton, has been nominated for the Dean's honor roll consistently. He also serves as president of Oskar's Knights and as first vice-president of Phi Theta Kappa. Campbell is an engineering major.

Majoring in Agriculture education, LESLIE CONNER of Broken Arrow is a member of Phi Theta Kappa and the Aggie Society. He has been named on the Dean's honor roll each semester.

A mathematics major from Green BECKY DARNTY is an active member in Phi Theta Kappa, Oskar's Knights, Engineer's Club, and the Student Senate.

A member of Phi Theta Kappa, DAN DURBIN, Grove, is majoring in drafting and design technology. He is associated with the American Institute of Design and Drafting and belongs to NEO's Industrial Technology Society. A member of the N D N D,

LINDA ROYER'S major is in accounting and is active in Phi Theta Kappa, roup, and the Student Senate.

Kringle Needs To Perform Miracle

In the frozen Hollywood pretends a nameless picture entitled "Miracle on 34th Street" in which an elderly entrepreneur claims his 6-year-old daughter has seen a real Santa Claus which might be a threat to "truth" or "sensibility" by skeptics or non-believers. In the end of the film the Santa brought the spirit of Christmas (in which follows scenes of happiness, poverty, regret-) to how to today come to be known as "miracle" in the film and the audience.

Today, many twenty years later, we are greatly in need of a miracle—on any and ever since. We are an unimaginable America (perhaps the rest of it will also) have become so engrossed by the season's commercial value that we seem to overlook the real significance of the season. A person may be as enthralled with the theme and glitter as to be unaware of the season. Finding yourself in a front grove of Christmas shoppers two days after Thanksgiving will, perhaps, give your reverence to the right direction of it reading the stores hours of a large department store in a metropolitan area. "NOW OPEN RUNS FOR YOUR CHRISTMAS SHOPPING CONVENIENCE." Doesn't it seem rather trivial that during the season we have set aside to honor Christ the weight that Sunday should be a day more, or are we hurrying and bustling around to make more money than we already have? Would it make any difference if Christmas became a Sunday rather than Monday? The answer is yes. This is what your Christmas spirit has come to. Is profit, profit, and profit. It is as if the season were a pseudo-christmas and not unlike every waking hour (even on Sundays) to make a large profit. Ten years ago people worried that this would happen, but we never believed it. With what does the next ten years threaten us? The merchants aren't the only ones in the picture. We modern man is right. If so, the people, weren't willing for it is to take place, it couldn't exist. We are the ones who have allowed the spirit of Christmas to become more of a business than a religious event. The real store should have owned the content of Christmas we can ensure our own value. Then in this shall, perhaps, be a more meaningful Christmas. Not the glow you feel when snow appears. In 1929 the Christmas spirit year and for years; Not the joyous event when snow begins. On the contrary, there is a new class. Is it the things you do at Christmas time, or the way you do it all through.

Cohn and Van Heurne

It is but three days till Christmas and we can not turn and transform all of our "wishes" into "rights", but beginning now we can try not to permit their occurrence. Christmas is the most popularly celebrated holiday today. Dec. 25, to learn the secret of Christmas by next year.

Susan Weeks

Who's Who in Phi Theta Kappa and participated in the Wesley Foundation.

SUE ELLIS, pre-professional major in English, business major in Phi Theta Kappa. Student Senate, and Wesley Foundation. She was involved in the college community and was belts and blazers herself and was the editor of the college newspaper. Johnson was also the only student to receive the FAPA and the Elite Club scholarship. In addition, Johnson was captain of the college cheerleading and was the editor of the college newspaper. Northeastern A&M's December Department Adds New Equipment

Northeastern A&M's automobile technology department is installing the most modern from-end-alignment system in northeastern Oklahoma, according to L.C. Metton, automotive technology instructor.

The Bear Totemiler features two of the most popular methods of detecting front-end alignment: the "magnetic bubble gauge" and the "scissors" method.

Students of Northeastern A&M will have an opportunity to learn both methods along with the basic fundamentals of steering and free-end-alignment. Classes will be held in the summer, in an attempt to make the barefoot mode of travel more accurate. However, it is not legal to operate a vehicle with a bald toe. Students are free to choose which methods they wish to learn or practice.

From end-alignment is one of the most frequently repeated jobs on the modern automobile, for when automatic suspension was beginning for a softer, more comfortable ride, the need for regular realignment did not exist. Proper front-end alignment makes the car safer, easier to drive, and eliminates excessive tire wear.

The Northeastern A&M front-end-alignment system along with theScanElectronic Equipment that the department has, makes the college automotive department as modern as the best in major areas of automotive technology: electrical tune-up and front-end-alignment.

New completed, the new installation will be used to service cars of the local and state area. Northeastern A&M is also available to Milwaukee residents.

Honor Fraternity Initiates Sixteen

Sixteen Northeastern Oklahoma A&M College sophomores were recently initiated into the Phi Theta Kappa Fraternity, according to Mrs. Doris Byrne, sponsor of the chapter.

Those initiated include Jack Boeth, Viola; Jerry Britt, Tulsa; Jack Brown, Cal; Mark, Del City; Leta Davis, Tulsa; Gary Eide, Kiamichi City, Okla.; Coyette French, Bartlesville; Steve Gligor, Viola; Mike Johnson, Altus; Don King, Rosco King, Bartlesville; David Krieger, Miami; Dennis D'Carthey, Viola; Reta Tatum, McAlester; Larry Williams, Columbus; John, Kiowa, and Ethel Yarbuck, Okla., respectively.

For eligibility to Phi Theta Kappa requires the college student must rank in the top 10 percent of the student body, maintain a 3.0 grade average and be currently attending in at least 12 hours.
Ed Edmondson Announces Plans For Summer Internship Program

Congressman Ed Edmondson today announced he will again sponsor a summer Political Science Internship Program for college students who reside in the Second Congressional District of Oklahoma, which Edmondson represents in the U.S. House of Representatives.

Congressman Edmondson said, "I believe the internship program has been a success in terms of terms of students who participated, and I know it has been a great success from the standpoint of my office." Edmondson inaugurated the program in the summer of 1988.

Applications blanks for the program are to be sent to colleges and universities in the 2nd Congressional District of Oklahoma. They may also be obtained by writing Congressman Ed Edmondson, 240 Rayburn House Office Building, Washington, D.C. 20515. The completed application should be mailed to the Congressman's Washington office. Applications must be received by Feb. 10, 1988.

To be eligible for the program, the student must be a resident of the Second Congressional District, which includes Adair, Cherokee, Craig, Delaware, Haskell, Mayes, McIntosh, Muskogee, Osage, Okmulgee, Quay, Ottawa, Rogers, Sequoyah, Wagoner, and Washington Counties. Pawnee and Okfuskee Counties were added to the District by the State Legislature for the 1988 election and these residents are also eligible.

The applicants must be regularly enrolled as a full-time under-graduate student in an accredited college or university, and making satisfactory progress toward a degree.

The application will be screened by the intern selected, by a committee of private citizens in the Second District, Edmondson said.

Travel expenses in Washington and living allowances will be paid to each student selected. The Congressman stressed the fact that the 1988 Intern Program will be a private financed program for college students, and that no government funds will be used. He said, "The program expenses are paid by private citizens who are interested in attracting high-caliber young people into government service."

The training and experience I received during my three years as an assistant minister actually helped prepare me for teaching," Clair said. "I have found this training to be very beneficial during my counseling with college students."

He is a member of the First Presbyterian Church and sings in the choir there. He also served as a Sunday School teacher.

Also active in civic organizations, he presently is serving on the Board of Directors of the Miami Chamber of Commerce.

Clair, his wife, Florence, and three children Barry, 6, Elizabeth 6 and David, 4, reside at 780 Mickey Drive.

Welcome ALL NEO Students
Norse Tumble To Independence

Norse tumble to independence on Nov. 30 in a game against Independent. The Norse were able to put up a strong fight, but ultimately fell short of their goal. The Norse were led by their star player, Tom Johnson, who scored 20 points in the game.

Hutchinson Streaks Past Frigid Norse

Hutchinson, led by their star player, Bill Johnson, was able to defeat the Norse in a close game. The Norse were unable to keep up with the high-scoring Hutchinson team, but showed great heart in their effort.

Late Norse Spree Buries Red Devils

Late in the game, the Norse were able to pull ahead and bury the Red Devils. The Norse were led by their star player, Tom Johnson, who scored 20 points in the game.

Norse Hosts Annual Prep Cage Tourney

Northwestern's annual prep cage tourney was held on Nov. 30. The Norse were able to put up a strong fight, but ultimately fell short of their goal. The Norse were led by their star player, Tom Johnson, who scored 20 points in the game.

Boxers Take Make Debut in Golden Gloves Tourney

Boxers from the area were able to take part in the Golden Gloves Tourney. The boxers were able to put up a strong fight, but ultimately fell short of their goal. The Norse were led by their star player, Tom Johnson, who scored 20 points in the game.
Norsemen Nip Moberly 84-83

Norsemen defeated last year's Junior College champions in the hot shooting of Dave Loflin who popped in 32 points. Terry Johnson and Jim Walden added offensive punch by contributing 15 and 16 points respectively.

Moberly was in front most of the first half but the Norsemen went ahead for good on Walden's 9-yard fielder and a free shot to make it 20-18 with 2:34 remaining in the half. The Norse led 41-30 at intermission. A 14 point lead kept the Norse breathing but after Moberry timeout the lead began to melt at the start of the second half.

With 11 seconds remaining in the game, the Norse leading 66-39, Dave Loflin was foiled by Gene Gathe. Loflin calmly stepped to the line and sank both free shots to win the ball but didn't make the score 84-83 as the horn sounded.

Bowman Chose Coach Of Year By NJCAA

Quarterback Doug Mathews and halfback Ronnie Lowe, two key players in Northeast's bids for the National Junior College Championship, recently were named to the 21-man National Junior College Athletic Association Coaches' All-American team and rookie coach Chuck Bowman was selected as Coach of the Year.

Mathews was also chosen Back of the Year and defensive back John Pell received honorable mention.

Bowman guided the Golden Norsemen to a brilliant 8-1 season including a 30-13 win over Lenoir-Rhyne at Better ERK, N.C., in the National Junior College Championship Bowl at Savannah, Ga.

Mathews and Lowe, who served as NEI co-captains, also received the Most Outstanding Back and Most Outstanding Lineman respectively in the Shrine Bowl.

Playing four different offensive positions, the versatile Mathews triggered the power 1 offense installed by Bowman. The 5-8 and 185 pound spreader from Picher rushed for 863 yards, passed for 481 yards, caught 18 passes for 256 yards and scored 10 touchdowns.
