Carter Celebrates Silver Anniversary

By Susan Weeks

Today marks Dr. Bruce G. Carter’s silver anniversary with Northeastern A&M College, and looking back on his 25 year tenure, one can see the evidence of his guidance and influence.

The news of the college in 1968: Dr. Carter encouraged the enrollment of 200 students, a graduating class of 30 sophomores, a faculty of 18 instructors, and a campus consisting of five buildings. Two and a half decades later under Dr. Carter’s presidency, the enrollment has passed 2,800 mark; an average graduating class is comprised of 400 sophomores; NED employs 71 faculty members, and the campus encompasses 35 buildings. Not included in the 25 buildings are a new Fine Arts-Auditorium and a new Physical Education building now being constructed. The auditorium-gymnasium buildings are expected to be ready for occupancy by the beginning of the 1986 fall term.

Money has also been made available and approval has been given for the renovation of Shaw Hall, which was the former Library-Auditorium building, and partial renovation of Cushing Hall. The project is scheduled to get underway May 1, Dr. Carter commented.

 Beautification of the campus environment has been a favorite pet of Carter’s since his arrival. Emphasis has been made to beautify the campus buildings, however most of the plans will be developed this summer.”

Dr. Carter stated. A main feature of the beautification project will be a new walking path to South with a half-circle tower bounded by the Library-Auditorium building.

“...in the immediate future the old gym will be demolished and that area beautified. Also included is the renovation of the old auditorium-gymnasium building and a new classroom building constructed there.”

During his presidency, Dr. Carter has been instrumental in developing agriculture and vocational technical programs which have gained national recognition. He has also emphasized a well-rounded athletic program which has contributed to the state of the art Junior Rose Bowl football teams and the National Ex-Juvenile College Champions last year. The Nurse Stars college drill team performs throughout the nation at various events. It was also chosen by the College of the Year in the state of Nebraska.

Dr. Carter currently is serving the Council of the 1890 Junior Colleges, making the move to the 21st century.
Welsh Reveals Spring Marriages

Miss Ann Welsh, Northeastern A&M business instructor, recently revealed her engagement and forthcoming spring marriage to Lloyd J. Sherwood.

A native of Atlantic, Mo., Miss Welsh received her Bachelor of Science degree in education degree from Southwest Missouri State College. While attending the Springfield, Mo., college, she was a member of Phi Omega Pi, national honorary business education fraternity, and Who's Who Among Students in American Colleges and Universities. Before accepting the new position she was teaching at Kansas State College of Pittsburg and has attended graduate school at San Francisco State College.

Mr. Sherwood is a native of Wyandotte and has attended the College of Engineering at the University of Kansas in Austin, and the Missouri School of Mines and Metallurgy in Rolla, Mo., where he received his Bachelor of Science degree in Civil Engineering. He was awarded a Certificate of Search Made For Hitchhikers

An inquiry has been made to the office of S. A. (Red) Barbour, director, of men, regarding two Northeastern A&M male students who vanished during the holiday breaks. Mrs. Betty Jean Schilcher is searching for the identity of the two students, one from Ohio and one from Tennessee, whom she and her husband took from Joplin to Springfield, Mo.

Mrs. Schilcher states that one of the boys left a valuable article in her car and she merely wishes to return it. In order to locate the correct person she claims the article, she requests that the student is question write her as soon as possible. Mrs. Schilcher will report a description of the lost article before returning it.

If you have any information that might be of value to Mrs. Schilcher, write to her at 230 N. Conant, Springfield, Mo. 65803.

Senator Proposes Letter To The Editor

Northeastern A&M's student senate has proposed a bill extending the campus library hours. The bill, authored by the majority of the student senate, calls for the extension of library hours from Saturday morning to 10 p.m. on Sunday and the addition of Sunday hours 1-6 in the evening. The present library hours are 6 and 7-8-weekdays and 9-11:30 Saturdays.

The student senate has asked the editors of the Norse Wind to place a letter box in the lobby of the building for students to submit letters. The students union advisor said that the extension of library hours is necessary with extending library hours.

Check the boxes below you would like to see in effect, and place your ballot in the box designated by the student union as soon as possible.

or do not feel there is a need for increased library hours.

If your answer is yes, check designated time listed below.

- 1 daily
- 14 Saturday
- 14 Sunday
- 148 Sunday
- other (specify)

NEO Fraternity Holds Initiation

Thirty-five Northeastern A&M students were initiated into the Mu Chapter of Phi Theta Kappa Fraternity during ceremonies held Sunday, Feb. 3.

Mrs. Doris Barnes, speaker and foreign language instructor, stated that to become a member of the national junior college honor society, a student must carry a minimum of 12 semester hours and maintain a 1.3 grade point average out of a possible 4.0.

New members include Terry Sharp, Alpine, Joyce Austin, Grove; Vernie Barbee, Arbery Barber; Linda Bouchamp, Linda Bel, Miami; Billie Bahn, Enid; Howard Brown, Conner, Rane; Linda Burgan, Miami; Lois Christiansen, Pierre, S.D.; Brenda Clifton, Miami; Deonne Coltrane, McAlester, Rane; Carrol Gilamon, Deborah Gray, Gila; Gianna Smail, Currie Gray, Miami; Paula Hart, Westville; Tom Hadge, Miami; Fred Kinnel, Carthage, Mo.; Linda Koets, Miami; Larry Latt, Gail Lee, Miami; Diana Long, Bartlesville; Cimness May, Tulsa; Linda May; Diane Miller, Richard Neel, Joe Peek, Miami; Linda Talbot, Altus; Charles Tannor, Bill Tyler, Anita Vanatta, Miami; Charlotte Vitter, Altus; Linda Wood, Miami and Janet Wright, Altus.

A second initiation was held March 13 and the names of the initiates will be published in an April 11 newspaper.

The coverage of events that has taken place the past several weeks in South Vietnam has been too much to be expected in their reports of what has actually taken place.

According to reports, the Viet Cong Communists gained the U.S. Embassy in Saigon and held it for six hours. Reports had it that the U.S. and South Vietnamese army crossed the bridge and the situation remained under control.

The question arises when judging what has happened in Vietnam. We must judge the situation of the people, those whom we are supposed to be defending, either the Viet Cong or to infiltrate the city to the point of attacking our own embassy? The people are so willing to be protected and defended, why do the people apparently encourage the communists to come into the city to destroy their country? It could very well be because the people (or at least a good portion of them) of South Vietnam feel sympathetic toward the National Liberation Front and the Viet Cong.
Home Ex Club Sends Delegates To State Meeting

Delegates from Northeastern A&M’s home economics chapter left today to attend the college division of Oklahoma Home Economics Associations state meeting. The event which begins at 9 a.m. tomorrow through Saturday at the Sherman-Oklahoma City, according to Mrs. Bonnie Ryan, chapter advisor.

Representatives, their offices and homes are Nancy King, publicity, Alfonso Derenda Garrett, president, Miami; Bill Clifford, treasurer, Cushing; Lois Christianson, member, Pierre, S. D.; Virginia Sorensen, member, Maurice; Charlotte Victor, member, Ada; Janet Jones, Student Senate representative, Coffeyville, Kansas; Barbara Edson, editor, Local Grove, Lily McGinnis, vice-president, Pryor and Karen McKinniss, Big Cabin superintendent.

Nancy King and Derenda Garrett have been nominated for state college chapters newsletter editor and second vice-president respectively.

Mrs. Ryan will be installed as State Junior College Advisor this afternoon.

Hollis Attends NSF Course

Jerry Hollis, chairman of NCOE’s Chemistry department, will participate in the “Radiation and Molecular Structure” course March 21st at the University of Florida, Florida State, Florida. The one week course is supported by the National Foundation in NSF, which was founded by Congress in 1930, appropriates money each year to strengthen research and education in science, mathematics and engineering.

Hollis, who is one of 28 junior and senior college instructors of organic and general chemistry chosen to attend the course, will receive a stipend plus travel expenses from the Foundation.

Young Demos Hoster Judges Essay Contest

Northeastern A&M’s newly organized Young Democrats Club held its initial meeting of the semester last week, at which time new officers were elected.

Officers for the spring term, according to Bill Benett, college government instructor and organization sponsor, are Bryan Kies, president; Angelo LaFer, vice-president; Nancy Goodin, secretary-treasurer; Bob Mitchell, student senate representative; and Bill Dubrey, alternative student senate representative.

In outlining the future plans and goals of the organization, Benett expressed a desire for the club to attend the State Democratic Convention to be held in Oklahoma City. While meeting the state capital, the club will be able to observe a legislative session in progress.

The club which is the product of joining the National College Young Democratic Society, also is taking the opportunity to send up to the district for the National Democratic Convention in Chicago.

Lowry To Serve At KSC Meet

Ed Lowry, instructor of mathematics at Northeastern A&M College, will serve as a consultant on the elementary school mathematics conference at Kansas State College, Parnsburg, Saturday.

Elementary school principals, teachers, supervisors, and college and elementary mathematics from Kansas and Missouri are expected to attend the conference.

The conference is co-sponsored by the Kansas State College of Education, Department of Mathematics and Division of Extension.

NEO Students Devote Their Lives To Ministry

“I feel that it is my purpose in ministry to bring others to Christ’s love,” pretty well sums up the attitude of Ted Blevins, Paul Wyatt, and Dan Eischen, ministerial students on campus.

Ted, a Calawayville freshman, Paul, a senior, and Dan, an Oklahoma City freshman, have all called to enter some phase of ministerial work whether it be as a missionary, pastor, or evangelist.

These young men do not just limit themselves to religious activities as they belong to such organizations as Ode’s Knight, Phi Theta Kappa, Beta Sigma, Beta Sigma, and Spanish society.

Foreign Institute Offers Summer Study Programs

The nineteenth annual edition of Summer Study Abroad is available today from the Institute of International Education.

The institute's popular guide to summer programs abroad sponsored by foreign institutions indicates an increase in the number of courses of interest to United States students for 1968. There are more than 30 courses at educational institutions in 20 countries listed. Most courses are in Europe at such universities as Grenoble, Paris, Freiburg, Heidelberg, Munich, Edinburgh and other major institutions. There are more than three programs in Mexico and others in Peru, Israel, Turkey and Japan.

One section of the guide includes a reference list of courses offered in such specialized fields of study as archaeology, architecture, law and maths.

Another section provides information especially designed for teenagers who wish to study abroad this summer.

A brief biography at the back of the booklet lists publications providing additional information about these programs in specified countries or regions, offers other types of summer opportunities such as international service projects and work camps, special programs for teenagers, educational tours sponsored by U.S. educational and travel organizations and summer study programs sponsored by U.S. colleges.

Summer Study Abroad 1968 is available from the Publications Division of the Institute of International Education, 800 United Nations Plaza, New York 17, for $4.00 a copy, 10-19 copies, $3.50 a copy, 20-99 copies, $3.00 a copy, more 200 copies (payment must accompany order).

Aggie Judging Team Takes First At Houston

Northeastern A&M's Livestock judging team defeated 17 four-year and junior college judging teams from eight states to win their championship trophy in Quarter Horse and Angus judging and ranked first in presentation of oral reasons for placements, Northeastern also won the titles in beef cattle and swine judging.

The winners scored 2,253 total points, followed by Northeastern Colorado, 2,186; West Texas State, 2,294; Southern State of Arkansas, 2,286; Teilane State at Stampsville, Tex., 2,116; Howard Payne of Brownwood, Tex., 2,178; San Antonio State, 2,219; South Plains State, Tex., 2,147; Northwestern State, Alva, 2,172; Murray State, Tulahoma and Cameron State, Lawton, which tied with 2,128 points.

"This is the first year that our judging team has won three major contest in one year," Syar stated. "It's very unusual for any college judging team to do this."

Members of the team include Steve Grishaw, Welch; Mike Elliott, Anadarko; Dewey Estes, Sulphur; Randy Rosier, Wynnewood and Jim Rowe, Bridgevil, Neb.

The team is coached by Nei Brethman, instructor of agriculture.

An awards breakfast, sponsored by the Oklahoma Methodist Church Corp, was held in the Astrodome Saturday morning.

Letter To The Editor

Labs are set up to give the student an opportunity to work with the teacher and to go into more detail about a subject than would be possible in a regular course. Why then do some instructors insist on turning these sessions into pub-lects or club meetings?

Students who are truly interested in lab subjects are being chased out of their rightful instruction. They have paid for it and are entitled to a maximum amount of teaching. An instructor who would rather discuss club business with two people than teach a group of thirty should stay in the lab.

There are other times outside of class in which topics not pertinent to the lab may be discussed. Why then can't these students and instructors wait until the appropriate time? Unexpected business may arise, but to make students wait thirty minutes while it is being taken care of is not fair and is actually detrimental to the purpose of the lab.

Other students themselves may initiate a discussion not pertaining to the class. If a teacher is wise and has control, he can return the conversation to the subject being taught.

This problem isn't unusual, but comes up everyday. How about it, can't we make more contact be exercised?

Nancy King

Husdeth To OU Workshop

Joe Husdeth, NCEA guidance counselor, is attending the Oklahoma Consortium on Research Development (CCRD) workshop at the University of Oklahoma this week.

The workshop is designed to enable CCRD members to develop guidelines for establishing institutional research offices and review experiences in the use of basic tools of institutional research.

The CCRD was established in the summer of 1967 for the purpose of developing research capabilities in smaller institutions of higher education. The organization is supported by an $80,000 grant from the U.S. Office of Education, Washington, D.C.

The workshop is sponsored by OU and Oklahoma State University in cooperation with the Oklahoma State Regents for Higher Education.

Indian Art On Display

The second exhibition of Indian art from the Museum of Art at the University of Oklahoma is currently on display in the Northeastern A&M library.

Jointly sponsored by the college and the Arts and Humanities Council of Oklahoma, the collection consists of 28 tempera paintings by American Indian painters of Plains and Pueblo tribes (Apache, Arapaho, Cheyenne, Cheyenne, Creek, Comanche, Jemez, Kiowa, Navajo, Pawnee, Tewa, Zia and Zuni).

Most of the paintings were done in the late 1800's and early 1850's and represent warriors, hunting scenes, dances, ceremonies, family scenes and religious ceremonies.

Artists whose work is included in the display are Asuman Begay, Sarnathan Arviso, Harrison Bogy, Archie Blackdeer, Black Bear Bean, Jack Blackstar, Stephen Navejo, Joseph(me) and John Roy Toledo.

Co-Captain Dick Brown
Lead Norsemen's Attack

Baseball season has come and gone at Northeastern AAB and each year has proven to be a good one for the Norsemen. The reasons are not hard to find, but one of the reasons may rest on the shoulders of the Norsemen, Richard R. Brown.

Richard Brown
Norse Scuttle

With the season only 24 hours away, Richard stood to become a hero for the Norse as he takes the mound against Boston, only to see the season slip away.

Richard started the opening game of the season last season and lasted one-third of an inning as he took the loss against 7-4. Surprisingly a 6-4 record going into the regionals at Fort Smith, Ark., Coach Richardson found his stuff early as SS batters went down at the hands of his blazing fast ball and tricky curve. Despite his brilliant performance, Boston ripped the Norse 42-4 and went on to win the nationals. But Richard did have the distinction of being named in the all-southern team.

Richard started playing baseball when he was a youngster and like most boys he was encouraged by his father to become a professional. While attending high school at Castell Hall boys school in Tulsa, Richardson developed the character which enabled him to be selected as co-captain for the Norsemen.

American Legion baseball provided Dick the practice needed to develop his skills. While pitching in American Legion he hurled two no-hitters for his career high during the summer campaign.

Last season Richard concentrated on his speed and control and during the off-season months he perfected a slider to add to his repertoire of pitches. His greatest contribution to the Norsemen was his 1.60 earned run average as he pitched in 15 outings, allowing only 11 men to reach base on a free pass while striking out 47 opponents.

When asked about this year's team comparison to last years, he replied, "I feel that last year's team will not compare to this year's because we have a better attitude and a great desire to win. Everyone on the team feels we can go all the way." Richard is a dedicated athlete who believes in practice the year around and an all-out effort from the personal of the team. He has a bright future in baseball and baseball world and has received offers from the University of Oklahoma, Arizona State, Tulsa University, and Oklahoma State University. He prefers Oklahoma University for his second year of training because of his heavy major.

Richard Brown is an example of what dedication and hard work can accomplish for an athlete who is willing to work toward his goal. He has the material of becoming a free pitcher or a great baseball player.

The Norse Wind

MARCH 15, 1965

NEO Begins Pigskin Drills

Regular spring football practice for the BHS Norsemen is in full swing. The Norsemen will begin April 1. Highlighting spring drills will be a regulation game with the Missouri Southern Lions in Joplin, Mo. on the afternoon of April 4 at Robertson Field.

Missouri Southern will be the only non-UW team to play the Norsemen this season, and the Norsemen will meet head-on with some new talent the Norsemen could not see all last year.

The football team under the leadership of assistant coach Bob Maxwell will try out their new boys first team against defending national junior college champion Seward. Coach Maxwell is a star for the Norse and will be the man for the Norse this season as he pumped up 65 points. The Norsemen boys, under the leadership of the Norsemen as they combined to score 88 and 68 respectively. Jim Waldron, the Norsemen, followed the Johnsons with 44. The Norse will not use their new talent the Norsemen could not see all last year.
