**Faculty Elects Need 'Teacher Of The Year'**

Orn Need, chairman of the science division and head of the mathematics department at Northeastern A&M, has been named Teacher of the Year at the Northeastern A&M College of the Oklahoma Education Association. Need, who will have completed his 30th year of teaching this spring with 21 of those at NEO, was selected for this honor by secret balloting among faculty members.

Prior to coming to Northeastern A&M in 1968, he was instructor of mathematics, physics, and earth sciences and coached basketball at Highland Junior College, Highland, Kan. He also has held teaching and coaching positions in the public school system at Stark, Okla.

Upon graduating from high school, he also held teaching positions in the public school system at Stark, Okla.

He received his bachelor's degree in mathematics and was graduated with high honors in 1967. The following year he was awarded a fellowship from the graduate college at KSU and received his master's degree in mathematics.

Need has also done additional graduate work at the University of California, Los Angeles, University of Arkansas, Fayetteville, and the University of Western, Seattle.

A World War II and Korean Conflict veteran, he served 28 years in the active and reserve armed forces and presently holds the rank of Lt. Colonel in the United States Air Force Reserve.

He is a member of the Oklahoma Education Association, Kappa Delta Pi math fraternity and Kappa Mu Epsilon, national educational honorary fraternity.

**Colleges Elect NEO Coed State Secretary**

Lori Christian, Pierre, S. D. student, was recently elected secretary of the Oklahoma Junior College Student Senate Association at Oklahoma Student Senate assembly. The meeting was hosted by St. Gregory's College, Shawnee.

Six Northeastern A&M students were members attending the meeting which was called to elect officers for the coming year, and to allow the senators from various junior colleges to compare accomplishments on campuses. Discussions on morality, leadership, and student attitudes toward race were also topics at the meeting.

Students representing NEO were Paul Campbell, outgoing student senate president and Gaye Elnick, outgoing student senate vice-president, Louise Christian, Mike Miller, Cynthia Beatty, and David Cockey.

**The National results of "Chancellor's Cup," a computerized presidential preference poll, were recently revealed. Sponsored by Time Inc. and Gallup Rasmussen's United Division, the poll was the largest nationwide student election ever taken, with more than 1,800,900 students voting on 1,340 of the nation's campuses.

After the results were tabulated, Sen. Eugene McCarthy D. Min. won, with 300,000 votes, followed by Sen. Robert Kennedy D.N.Y. with 135,022 and Richard Nixon R. Va. with 271,517. Concluded by R. N. Y., who was not an active candidate at the time of the voting late last month, collected 113,646, while Vice-President Hubert Humphrey was 112,573.

**Collegiate Vote Shows Students Prefer McCarthy**

The National results of "Chancellor's Cup," a computerized presidential preference poll, were recently revealed. Sponsored by Time Inc. and Gallup Rasmussen's United Division, the poll was the largest nationwide student election ever taken, with more than 1,800,900 students voting on 1,340 of the nation's campuses.

After the results were tabulated, Sen. Eugene McCarthy D. Min. won, with 300,000 votes, followed by Sen. Robert Kennedy D.N.Y. with 135,022 and Richard Nixon R. Va. with 271,517. Concluded by R. N. Y., who was not an active candidate at the time of the voting late last month, collected 113,646, while Vice-President Hubert Humphrey was 112,573.

**Courses Set For Summer**

Enrollment for Northeastern A&M's summer session will be held June 3, according to Dr. Cecil W. Ferris, dean of instruction. Class enrollment will be held in Cope Hall, room 108, at 8 a.m. Class work will commence Tuesday, June 4.

Focal points of the summer session are business education and data processing courses. Individual classes being offered include business machine mechanics, business in a day, accounting, economics, advanced accounting, advanced business typing, data processing, business mathematics, and data processing. A number are offered in Algebra I and II, and Data Processing.

**Northeastern Graduates To Hear OU President**

Baccalaureate services for Northeastern A&M's graduating class will be held Sunday, May 19 at the First Methodist Church at 2 p.m. according to Dr. Bruce G. Carter, college president. Commencement exercises are scheduled for Wednesday, May 21 at 8 p.m. at Oklahoma Wesleyan University.

Featured speaker for the commencement will be Dr. George L. Cross, president of the University of Oklahoma, Norman.

Dr. Cross, who has been president of OU since 1964, will retire at the conclusion of the college year. His successor is Dr. Herbert Hbnerman.

As a native of South Dakota, Dr. Cross received his bachelor of arts in science and master of science degree from South Dakota State College in 1939 and 1947 and his PhD degree from the University of Chicago in 1950.

His first teaching experience was as an instructor in bacteriology at South Dakota State College in 1950.

Cross served as head of the chemistry department at the University of South Dakota from 1950 to 1964, when he came to Oklahoma to join the University of Oklahoma faculty as an assistant professor of chemistry.

Before being named president of the University in 1964, Dr. Cross served as head of the biochemistry department, acting dean of the Graduate College, and acting director of the Research Institute.

He has served as a member of founding groups of various organizations, including the Foundation of Science Foundation of Oklahoma, Inc., and the National Cowboy Hall of Fame.

He is a fellow of the Oklahoma Academy of Sciences and of the American Association for the Advancement of Science. He holds membership in the American Chemical Society.
Letters To The Editor

OLD ENOUGH TO VOTE

"Young people should be able to vote by the time they reach the age of 18." This is an argument often heard in the United States. Why then, if given the opportunity to prove they are responsible, don't the young people of today take advantage of it? Recently, NUS students were given the chance to vote in "Union thru". This was to give students the chance to vote in the student elections. Out of approximately 2,000 students, only 150 NUS students actually voted. How can we expect to be thought of as responsible enough to vote at all when, if given the opportunity we don't take advantage of it?

Responsible citizens take an active interest in politics and their country. And when voting time comes they will be at the polls to cast their ballot. If we are ever to receive anyone who are responsible enough to vote, then we must prove it especially when given the chance. It's your responsibility and mine.

—Barbara Hall

POOR PEOPLE'S MARCH

The poor people of the United States are attempting to make themselves noticed by getting out and making their needs known. These people must know that if they want to vote, they have a right to do it. All people who will get out and work for a living must start supporting these poor people who are too busy to work. These people need our help. Let the blind and physically disabled be heard working and making their own way.

If everyone wants to help the poor, they should find them a job or any trade that's a decent job and teach them how to work and make something of themselves. A man that is too busy to get out and work and earn a living for himself and his family, is not a man but a parasite. No man that is this dependent on other people can be called a real man.

We lack a hand of opportunity and anyone who has the willpower and anyone that wants to make something of himself should work and make a good living and not look to others for help. He is his own business and he or she receives respect from others for the simple reason that he or she is.

—Robert Campbell

A DAY FOR DECISION

What has happened to that big wave, that great surge brought to our country on which this country was founded? Did we invent ourselves away from our country? Did we invent the atom bomb that is used on the people we hate and then invented a country that is different? Are we running the same sentiment today? Is there any way to win the war that is going to win the war? What can we do to help in the war that is going to be fought in the future? Is there any way to win the war that is going to win the war? What can we do to help in the war that is going to be fought in the future?

—Vic Gentry

Nurses Wear NEO Colors

For the first time in the history of the college Practical Nursing program, NEO's colors, blue and gold, have been incorporated into the uniforms worn by the students. The underwear is blue with a white bibbed apron over it. The cap, which resembles a domestic dust cap, is white organdy with a band of blue and gold. On the dress sleeve is a gold medal that says "Practical Nurses Degree," according to Mrs. Dorothy Hall, nursing instructor.

The old uniforms were white blouses with a light blue and white pre-joined pocket plus a standard commercial nurses cap. "The new uniforms go back to some traditional types that were worn by nurses many years ago. The dust cap that we have adopted is our own school cap that also reflects the traditional aspects of nursing. In addition to caring for the sick the nurses used to do domestic chores in the homes as they dressed in the domestic uniform. That's why we chose it," says Mrs. Hall.

The cap, a very important part of being a nurse and the distinguishing feature of the uniform, is referred to as her "nurse's dignity." NEO's new caps will be presented to the junior students June 1 in a ceremony in September. A copy of the cap is also available for all students undergraduate and junior students graduate students will have a choice of receiving the commercial cap or wearing the new one. When granted on occasions for use of uniform Mrs. Hall stated, "The cap and uniform are worn only when invited to work with patients, and to and from classrooms and hospital. They are never worn in public." Nursing like everything else is becoming more modern. In the larger cities or urban areas, uniforms may be very short, asymmetrical or in some cases such as a children's hospital or psychiatric ward, the nurse may not wear uniforms because they have a tendency to upset and frighten the patient. NEO's new uniforms are more traditional style because nursing is an old, respected profession and they want to carry on in that style.

Prince Review To Feature Northeasterans

Donald W. Schmidt, editor of "Prince Review," official publication of the National Junior College Athletic Association, recently announced the Northeasterans "Prince" will be featured in the September, 1968 issue of the magazine. Northeasterans will be the apex of the "College of the Month," article which appears in each edition. As "College of the Month," photograph of the NEO campus will appear on the publication's cover with a three page layout of pictures and copy within the magazine.

Gamble-Wins Safety Honor

Dr. Gamble of Broken Bow, fall semester safety class student at NEO, was recently honored by the National Safety Council. The honor consisted of the presentation of a safety pin, designed by Gamble, in the NEC Safety Newsletter. Gamble's pin illustrated eye protection industry.

College Instructor Plans Retirement

By Nancy King

"Kids are the most wonderful, kind of evil and when I have to be retiring Northeasterans, A&M history..." Wilson has been an A&M faculty member since 1963. Previously, he served as superintendent of schools for 16 years in Greene. Wilson chose his native Arkansas in which to begin his career as an educator. He taught 16 years there before moving to Wichita, in Kansas, as superintendent for principal for two years.

The next seven years Wilson was superintendent at Byron, Ga., and superintendent at Oklahoma Baptist University, Shawnee, where he graduated from in 1959. Mr. Wilson received a master's degree in education from Oklahoma Baptist University, and has been active in community and civic organizations throughout his career. In college he was a member of the honorary society Kappa Delta Pi. During the school year 1963-64 he was president of the Panhandle District Teachers Association, and is an OEA member.

For the past 45 years, Wilson has been a member of the Masonic social science department adds two instructors

Northeastern Oklahoma A&M will announce two new social science instructors for the 1968 fall semester, according to E. S. Goodall, chairman of the social science division.

Bob Meyers will teach sociology and psychology. Meyers earned a bachelor of arts in sociology and psychology at Kansas State Teachers College, Pittsburg, Kansas.

Don Rounsaville, who received his master's degree at the University of Oklahoma, Norman, will teach history and government, and will also coach the track team. Rounsaville is currently teaching at Maysville and has also taught at Miami and Commerce high schools.

BSU Officers Begin Duties

New members of the Executive Council, governing body of the Baptist Student Union, recently began their official duties, according to Reverend Russell Moody, BSU director. They shall serve throughout the 1968-69 school term.

Each year at this time the new Council assumes governing responsibilities in order to have the guidance of the outgoing officers. The members, their officers, and business offices are as follows: Ted Begin, president, Collinsville; Linda Johnson, vice-president, Blanchard; Beverly Bradford, secretary, Vinita; Richard Hawkins, evangelism, muskogee chairmen; Miami, Marita Lambey, Miami, Kay Conger; Grove, crowley chairmen; Martha Inman, Grove; Skip McCrory, public relations chairmen, Kichusham; Kammele Mason, Kichusham; Joung Wells, re- Hel, Pryor, and Carolyn Kerret, Pryor, Sunday School, Training Union representative, Vinita.

TEST SCHEDULE SECOND SEMESTER...

3, 4, and 5 hour classes will meet on the same days as the 1, 2, and 4 hour classes; Monday, Wednesday, and Friday at: 8:00 o'clock 8:15 o'clock 9:00 o'clock 9:15 o'clock 10:00 o'clock 10:15 o'clock 11:00 o'clock 11:15 o'clock 12:00 o'clock 12:15 o'clock 1:00 o'clock 1:15 o'clock 2:00 o'clock 2:15 o'clock 3:00 o'clock 3:15 o'clock 4:00 o'clock 4:15 o'clock 5:00 o'clock 5:15 o'clock 6:00 o'clock 6:15 o'clock 7:00 o'clock 7:15 o'clock

There will be some 4 and/or 1 hour classes which will not conform to this test schedule. In those instances, the instructor will use his initiative, otherwise, conform to this schedule.

OPEN SEVEN DAYS EACH WEEK THE YEAR AROUND

"THE BEST IN FOOD AND SERVICE"
Vandy Coach Lauds Play Of Mathews

Doug Mathews, the little man who sparked NED's national championship football team, is going to be a big man for Vanderbilt Commodores this fall. The Fisher native, at 5'4 and 180 pounds, has been at Vanderbilt for only four months, but he has already found a place on the squad. The only question now is where that place will be.

The entire coaching staff wants him on the return teams, since he has returned punts 10 and 20 yards for touchdowns so far this spring practice. The defensive and offensive backfield coaches want him too.

Post Comments

Vandy head coach, Bill Paro, who, like Mathews, is a North- easterner graduate and Piscataway, says, "Doug is a fine athlete and will be a valuable addition to our football team. Doug is a winner, and I think that he will help us to ingratriate our squad with a winning attitude. Doug can play football in the Southeastern Conference, and I'm sure that he will be going to be playing in the SEC on our side."

Last Year's Leader

Last year's NCAA "Back of the Year" has impressed his teammates with his speed and agility. "He is the quickest funeral player I have ever seen," says Steve Segrave, a fellow Oklahoman from Del City, who is vying for a starting berth at center and linebacker.

Mathews is Key

The Nashville school has lacked something of the past few seasons in football. They have been fast or near it for a long time under Coach Tenesch, but the Commodores' key to getting out of the cellar.

M L S Lions Dump NEO Golfers 10-2

Scott Everett, showing a three-iron two-under-par 68, helped pace the Missouri Southern golfers to a victory over the Golden, Mississippi, golfers in the Schreiber-McCormick Invitational at Joplin on May 3. The Lions won on the ninth hole in the contest on the par 71 course. Dave Carlson with his 74 beat Miami's Francescino Mark Wodicka and a 77, 24, Norman Steve Oester, a sophomore from Joplin, was the victim of moldhead Everett's sub-par score and took a second place in the contest. The Missouri Southern's only two points came in the 3-1 match in the final round.

Cougars Trip OSU 1-0

Northeastern A&M has acquired a new sport this season which is likely to add excitement to the program. The Cougars have gone through much of their season undefeated and is looking the support of fans from the surrounding area to help them get by the tough matches ahead. With that much at stake, they could be the Commodores' key to getting out of the cellar.

Horse Pair Nominated To All-American

Centerfielder Roger Whitaker, pitcher Steve Christian have been nominated, from Nebraska, A&M, for junior college All-American baseball honors. They are among five players chosen from the South-Central District, and other hopefuls are — Phil Lewis, Western; Bill Dudley, Bonham; and Bill Drenth, St. George.

Norse shortstop Sam Owen and pitcher Dick Brown were named in the Mid-Amer. All-District team.

The Norse wins over the Norsemen 3-1 in the first game, allowing six hits while holding the Norsemen to four scoring hits. The Norsemen scored both of their runs in the seventh inning and followed with four singles and a double. They made them up, whitewashing the Norsemen from the third inning on.

Brown pitched out of the first inning of his career in the first game, allowing six hits while holding the Norsemen to four scoring hits. He retired starter Al Tynel in the third inning.

Joggs Trip OSU 1-0

Northeastern A&M's Matt Lord, a senior, swept the four main events, scoring 6.4 on his best throw of 50 feet, becoming the first to score 50 feet in the event this season. He tied the national meet record of 6.4 feet in his best throw, becoming the first to score 50 feet in the event this season. He tied the national meet record of 6.4 feet in his best throw, becoming the first to score 50 feet in the event this season.
