Dear Students, Faculty, and Staff:

As the Holiday Season draws near, I would like to extend
to each of you “Season's Greetings” for a joyous Christmas
and a really successful New Year.

The holiday atmosphere here on the campus brings us a
good and warm feeling, one of togetherness, in that we are
all working toward a common goal. Christmas is a time for
reflection on past goals and achievements and for renewing
our faith and understanding. Our common goal must be one
of love and brotherhood for all peoples.

Have a good holiday and come back for a great second
semester at NEO.

Sincerely,

D. B. Creech

Train Individually

Cross country at NEO is a fall track training program according to Sam Wells, manager and Kramer regular track season coach who also coaches the cross country team.

Members of the team for NEO this fall are Tom Quinn, Chicago; Bill McManus, Oswego; Bob Johnson, Bartlettville; Richard Williams, Bartlettville; and Marshall Kemp, Tulsa.

Training is complete individual effort for the boys because of the daily routine of running from five to ten miles. Most of the races that they will compete in however, are only from three to six miles.

NEO is running a very reduced schedule this year with only three meets scheduled, and Bartlettville as the only regularity scheduled meet this season. The team placed third at the Williston Regional 11 Championship where they competed against Easterns (Lamar, Cheyenne, and Bartlettville).

The team comprising Nov. 11 in the National Junior Cross Country Championship in Oklahoma City.

Greyhounds Dash

Norse Bowl hopes

First set of the bowl picture, the Golden Norsemen dropped their season finale to Port Scott 28-8 on the Kansas home field Nov. 3. The loss ended any hopes NEO had on an invitation to the Bowl and gave the Greyhounds a final number 1 NCAA ranking and the win streak in the post-season game at Russet, N.M.

Boistered by a tenacious defense the Norse held Port Scott well below their scoring average. The Norsemen tailed after a blanked part in the last 13 seconds of the first half.

In the last two minutes of the game, NEO quarterback David Plunkett completed key passes to Lee Wilcox and then hit Jim Bruggeman for 14 yards and paydirt. A try for two points fell short and an inside kick left the Greyhounds in possession on the Norse 4 yard line. On the first play Port Scott hit for a TD and a 15 recover. Plunkett hit passes of eight and 25 yards to Wilcox to move to Port Scott's 4 and then tossed to David Chavez who was dropped out at the 10 to end the game.

PSI Chemistry Courses Initiated By Instructor

by Dale Gourn

Scrip Hawaii has introduced a new type of learning situation to NDI: the personalization of instruction (PSI). This is a system whereby students are issued a printed unit to study. They learn at their own speed and take a "tobacco test" when they feel they have mastered the unit. Ninety percent accuracy in responding to the test indicates the student doesn't demonstrate 90 percent proficiency, he gives the test again at no penalty.

Harlan was introduced to this system last semester when he took a course in the University of Hawaii which was used as a similar method. It was a course in mathematics and was developed as a result of experiments made in Brazil by an American who was a visiting professor at the University of Bra-

New method of instruction at NDI. Hurton said it is first in the chemistry unit of Physical Science. He had decided that the 1 week at the University of Hawaii wasn't enough for the student in the class to learn all the chemistry that is presented in available Physical Science texts.

Bookstore Offers Variety In Gifts

Shopping for the annual Christmas gift season trip to NDI's Bookstore before going home for the holidays.

A new machine on hand is the book store imprint shirts, either purchasing there or elsewhere. A wide variety of shirts, at $9.50 each, along with members and letters can provide a distinctive gift for young brothers and sisters or older friends. The number and letters are two inches in size for 30 cents each or six inches in size for 50 cents each. In addition to many styles and colors of sweat shirts or T-shirts, the book store offers many other suitable items for Yule gifts, according to Mrs. Carolyn Green, manager. She recommends NDI jewelry, Pi-law, candles, stationery, paper, money, clipper, books, record or music bags, book end, photo albums and small stuffed animals.

New Club To Teach Chess

NDI's newly organized Chess Club meets every Thursday at 3:30 p.m. in room 201 of the Library Administration Building.

The organization is designed to help NDI chess players to improve their game and teach interesting techniques that don't have the same rules as checkers.

Math Aids Allow Students To Finish Courses Early

Achievement is an individual effort for mathematics students at Northeastern Oklahoma A&M College. The grants that can be obtained through the Financial Aid Office are the Educational Opportunity Grants designed to provide financial assistance to those who attend post-high school educational institutions and Indian Grants which pay for half the school cost. The only students that are eligible for the Indian Grants are students who are at least one-quarter Indian.

The loan that is offered is the N.D.E. loan, which provides the student with a maximum of $250. The student does not have to start paying the loan back until 11 months after leaving school and has 18 years in which to complete the payment.

Purpose of the new approach is to provide more time for more highly motivated students. No longer than a better student have to go with the pace of the slowest in a class.

Coaching and assisting with judging some events were Bob White and Bill White, speech instructors. Debaters Marcia White, Miami, and Robin Murray, Muskogee, took first place and N.D.E.'s John Hartman, Miami, and Joe Sanders, Muskogee, were second. Marcia went first in original oratory and Robin went poetry interpretation.

Scoring were taken by Randy White, Miami, and Terry Holden, Dewey, in dramatic duet acting and by Mark Brindel, Miami, and Joe Robinson, Tulsa, in humorous duet acting.

Driving past three opponents Leon Alvoid goes to the basket for another two points.

Leon Alvoid's Skill Proves Essential To Norse Success

Teammates jokingly call him "The Mouth," but Leon Alvoid's talent on the basketball court matches all his words, as Golden Norse opponents discovered many times last season and this season.

Preferring the nickname "Shot- gun," the 6-3 backcourt wizard is being counted on for scoring, team spirit leadership and floor generalship by Coach Cotton Green as the Norse look forward to a great 1973-74 season.

The business administration major from Gary, Ind., is one reason the Blue and Gold were picked by Bi-State Conference coaches as the preseason favorite for the league crown. Leon's 12 point per game average last year combined with his other court abilities to produce the spark for a winning team.

Crowd-pleasing skills of passing and outside shooting made Leon a great favorite of Miami fans. But he talks seriously of extra practice time on defense. "I work on that more than shooting or passing because it's my weak point," he claims.

Leon patterns his offensive style of play after two favorite pro players: Walt Frazier and Earl "The Pearl" Monroe. He believes the Norse pattern style with opportunities for the fast-break fits his abilities quite well.

On the fastbreak, however, his favorite role is not as a scorer but, "I love to get a sharp assist—one that really pleases the fans. I like to see them on their feet yelling."
