Fall Semester Pre-enrollment Slated
By Donna Carroll
Assistant Editor
Pre-enrollments for the 1976 fall semester at Northeastern A&M College will begin at 8 a.m. on July 12 and continue through July 16, according to James Reese, registrar.

Enrollments will be by alphabetical sequence, starting with those beginning with the letter “G” through “K” on July 12. On July 15 names “L” through “Q” will be processed, followed by “R” through “T” on July 16. Names “U” through “Z” will be received July 15, and names “A” through “C” on July 16. Responding enrollments will be on July 17, for those enrollees who were unable to enroll on the weekday pre-enrollment.

Students should begin pre-enrolling no later than 1 p.m. on weekdays and should be present at 8 a.m. for the Saturday session.

RECORDED NEEDS
Certain materials are required before a student can pre-enroll. Official copies of the student’s ACT scores, high school transcript, and a completed NEO admission form must be filled with the Registrar’s Office prior to enrollment.

“Indentification card and yearbook photos will be taken during pre-enrollment, and students are urged to dress appropriately,” stated Reese.

Students planning to register for a car or a campus parking permit must have the insurer’s name, policy number, and model of the car, the expiration date for the license, and their driver’s license number.

Repository assignments will be made during enrollment and housing contracts will be issued. No tuition or fees will be accepted during enrollment, but students will be billed at a later date by mail.

Enrollees are reminded to bring their social security card, because the social security number will also be used as their NEO identification number, and will be imprinted on their student ID card.

ACT TESTS GIVEN
For those students who have been unable to take an ACT test, one will be offered at 9 a.m. July 12 in the approximate

Play Portrays Old Fable
By PAMELA GRUNEWALD
Editor
“Duck of the Moon,” the first Northeastern A&M drama production of the season will have performances at 8 p.m. on April 22, 25, and at 2 p.m. on April 25 in the Fine Arts Theatre.

Filing For Fall Senate Elections
Filing for a place on the April 28 Student Senate election ballot will run April 12 1/2, according to David Breage, Tulsa, soon to retire.

The election will be held to fill senate offices for the spring 1976 semester, at Northeastern A&M College. Qualifications for the offices of president and vice-president are that candidates must be a member of the Student Senate, and have at least 60 or more semester hours which must be earned at NEO. Candidates for the offices of secretary and treasurer must also be members of the student senate. Students filing for the two positions of senators at large need not be NEO residents.

Filing will be held in Room 221 of the Library Administration Building.

Pennsylvania Art Groups
Work Shown
A showing of 25 original watercolors and prints will be held in the gallery area of the Fine Arts Center, April 5-21, on the Northeastern A&M Campus. The paintings and prints in the 15th annual traveling exhibition of the Pennsylvania group are examples of contemporary art by Kentucky state artists. Many of the paintings are of Pennsylvania themes, while others are divers from other areas.

There is no admission charge, and the general public is invited, according to Kathryn Pogue, NEO art department chairman. The show will be open from 10 a.m. to 4 p.m. weekdays. All of the works in the exhibition are for sale at prices ranging from $60 to $750.

The exhibit is circulated by the Old English Art Guild of Broken, NE. Further information about the show can be obtained by calling Kathryn Pogue, at 542-8461, Ex. 203.

Regents Approve Dorm Rent Hike
Changes in campus housing rates for the 1976-77 school year at Northeastern A&M have been approved by the Board of Regents, according to Dr. D.G. Crooks, college president.

Room rent was set at $1.00 per month for two-bedroom units and $1.25 per month for the one-bedroom apartment, effective July 1. This compares with the proposed increase at Oklahoma State University of $2.25 per month for all types of campus housing.

Dr. Crooks emphasized that NEO’s presentation to the Board of Regents was over effort was made to make the changes as low as possible. NEO’s increases for all types of campus housing have been the lowest of all institutions in the state.

The rate at NEO for which 20 meals per week, housing in an air-conditioned dorm and linen service will be $270 per semester, a rate of $31.25 per week. A comparable arrangement at Northeastern Oklahoma State University, in Tahlequah, is $363 per semester, an increase of $8.25. The hike at Oklahoma State University at Stillwater, now one of $360, also includes a rate of $360. The Karlar plan, does not include meals, at Tulsa University is $355 per semester.

Plan A 2, semi-conditioned dormitories and 20 meals per week, will cost $351 per semester at NEO, up $20 over the past year. Plan B 1, air-conditioned dorms and 15 meals per week, will be $352 per semester, or $383 per semester, if Klar is included.

Scholarships Applications Available
Applications for Northeastern A&M veterans scholarships are available from Mrs. Elizabeth Hardin in the president’s office in the Administration Building.

The scholarships are made possible through contributions of academic performance and leadership. Scholarships are open to all students not already receiving a financial aid package.

The scholarships cover the usual and tuition rates of $84 for in-state students.

A complete arrangement at Northeastern Oklahoma State University, in Tahlequah, is $200 per semester, an increase of $12 in the fee at Oklahoma State University at Stillwater, now one of $360. The fee at Tulsa University is $355 per semester.

King Hussein Visit Unusual

Jordon is again at the crossroads between war and peace according to King Hussein's recent visit to Washington for talks with President Ford and other high officials.

May be the fall of the thousands who have died during the past year in Lebanon would argue with that statement. Obviously, the civil war there is bloody and destructive as any war between nations. Yet, the prophecies of another war among the nations of that region is when the king had in mind is a chilling prospect.

On the day of his arrival in Washington, Israel experienced something it has known in its 28 years as an independent nation-Israel. Amids a confrontation with police and security forces. In Syria, Communist armies are openly controlled by the Soviet Union for the purpose of quick supply of the forces lighting in Lebanon. In Lebanon itself, the fight is no longer described euphemistically as between Christian and Moslems, but openly, as between leftist and rightist forces.

The victory of Communist forces in Angola, the Reds are moving in with new boldness in the Middle East. This is why King Hussein's Washington visit was of unusual importance, and his warning isn't going to be taken lightly this time.

Editorials

Opinions expressed in the Horse Wind are not necessarily those of the NED students, faculty or administration. All letters to the editor are subject to approval by the student editorial board.

Opinions expressed in by-lined letters are those of the individual writer and may not reflect that of the NED.

Flu Immunization Big Gamble?

Is President Ford's proposed national flu vaccine a big gamble?

In a news release Mar. 25, government health officials conceded that the $135 million campaign is indeed a risk, but they argued that it is far less of a risk than dollars and lives lost.

Obviously, there is no way to be certain that the swine flu virus, which killed 2,000 persons worldwide in a 1918-19 pandemic and then lay dormant for almost half a century, will become the next global influenza epidemic the officials said, but the forecast is more likely than certain to come true.

If the epidemic does occur next fall and next winter and precautions had not already been taken, would not allow the population of the population immediate immunity.

In the words of Dr. Harry M. Meyer, director of the Bureau of Biological Weapons under the Federal Council Administration, "It's a choice between gambling with money or gambling with lives."

President Ford, in announcing his intention to ask Congress for a special $135 million supplemental appropriation to pay for production of swine flu vaccine, acknowledged that "no one knows exactly how serious this threat could be."

"Nevertheless," Ford added, "we cannot afford to take a chance with the health of our nation.

Mass immunization would undid into mass confusion. An immunization on such a large scale has never before been attempted in the United States and many people felt that it was a waste of time and money. No one can say, with any degree of certainty, just how much of a waste such a program would be-but if an epidemic does occur, no words can say what a great help it could be to thousands of people.

This strain of flu, called the swine flu virus, broke out in New Jersey during Feb. and is a potential killer if not treated promptly and correctly. No amount of money can equal the value of a human life.

If this proposed national vaccine does indeed take place next fall, all probability, half of United State's population would ignore it, shrug it off as an unwanted act and a total waste of money. Who is to say whether it is or not?

Senate Proposes Hike

As a result of Student Senate meeting, the proposal to increase the activity fee was introduced because representatives felt that the $1.25 per credit hour activity fee is presently so far from the amount needed.

In order for the proposal to take effect it must go through a lengthy process. The student association in charge must make a student body vote, then take it before Dr. Creek, who then must get the board of Regents approval to... for the fee can be exercised.

If the proposal does increase effect it will increase of $4 billion will be added to the Student Senate, with the remaining amount going to the accounts, having, expenses, fees, the board, income, and various other activities here on campus.

Thus, the fees, the NED campus need a little more wideness his boundaries. For the time the rise of $4 billion increase a given to the Student Senate, the people within that organization get around to doing something sponsoring an occasional dance or pets... etc. etc.

But below, we wonder if even get to Dr. Creek, a student body vote must be taken by the committee in charge. This may be the most difficult way of getting the proposal approved Everyone knows how incident to the study must be here at NED to knock out any of anything (such as Student Senate decisions). The depth of quality among the students at this college is a matter of the Nader, West fence that the Student Senate will... vote out of the Board... etc.

We hope the Student Senate takes our advice... but if this happens it will inevitably find some emerge and pay to use the extra funds they receive.

SEANNE CANNELL

Race riots, violent political demonstrations and endless strikes are a few of the casualties. The powerful Richard J. Daley, mayor of Chicago has survived his 14 years in office.

Mayor Daley, since being elected as mayor in 1955 has been some what of a mayor but a mayor. A legend, he is Chicago's politician. Daley's style is a model for his city's politicians. Daley has been in power for 10 years. The people of Chicago, with their 1924 mayor, have come to accept the Daley administration.

Allegedly, the most of mayor Daley's campaigns have been concerned illegal crime. Daley himself has never been linked to any of the problems of his administration.

Daley's family, however, has become a target for Scare. His son, John Patrick and William were recently indicted for other campaign activities. Daley in 1972 used his influence to get the city council to pass millions of dollars worth of city insurance with an insurance company that employed his son John Patrick, as a State Senator.

In Chicago the house that Daley built" is a house that has been built up as a structure to hold the city's political power. It is in the era of the mayor of Chicago Daley has his own political machine that he has used to gain power. The Daley family is still in power and has been for many years. Daley has been in power for 10 years and has been a strong influence on the city's political power. Daley has been in power for 10 years and has been a strong influence on the city's political power. Daley has been in power for 10 years and has been a strong influence on the city's political power. Daley has been in power for 10 years and has been a strong influence on the city's political power. Daley has been in power for 10 years and has been a strong influence on the city's political power. Daley has been in power for 10 years and has been a strong influence on the city's political power.
Auto Mechanics Class

Students Learn Skills

The course covers a rating of some of the basic fundamentals of auto repair and maintenance, including electrical systems, suspension align-

The course is also open to anyone interested in electronics repair, and has been taught by a highly experienced instructor.

"There's a lot of math and science involved in electronics repair, and it's very important to understand the basic principles before moving on to more advanced topics," explained the instructor.

Auto mechanics courses at NEO teach the basic fundamentals of repairing cars, and there is a great deal more to learn beyond the basic knowledge of how cars work.

That's Entertainment!

The movie "Death Race 2000" was in theaters in 1980, and it quickly gained a cult following. The film has since become a classic of its genre, and its influence can still be seen today in various forms of media.

Public Service Films Students

A Public Service Announcement about the dangers of drinking and driving was shown to students at a local high school. The message was clear: drinking and driving is not worth the risk.

Speech Entries Participate in CSU Contest

Northwestern A&M students participated in a speech contest, showcasing their public speaking skills. The contest was a great opportunity for students to practice their abilities and gain confidence.

Senior Visit NEO Campus

High school seniors are encouraged to visit NEO campuses to learn more about the college experience. The visit can be a valuable tool in making college decisions.

Dr. Hook's Concert

The concert was a huge success, with thousands of fans attending. The band played a mix of old favorites and new songs, keeping the audience engaged throughout the performance.

"The concert was amazing," said one attendee. "Dr. Hook's music is timeless, and it was great to see them perform live!"

Intra...
International Plans Underway

By Jeanne Carrell

The purpose of international week is to bring closer international understanding, and to show differences are not as advantageous between national boundaries as we would have it be. This year's theme was titled, "The World Awaits You." Through shopping, eating, dancing, or simply meeting people from different cultures, the aim is to create a world of understanding.

International Week will be observed April 13-19. Activities for the week will include a fashion show, an umbrella sale, and a world foods festival and buffet.

In Case You Missed the Special Displays

The week's displays were held Monday at 9 p.m. in the student union hallways. Additionally, there will be a free film screening of "Alfredo" by Maysa, a short film about the country, and "The Men, the Women, and the Children," a free film about the country. The film is free to the public.

Framed photos will be held Tuesday of the week at the Nurses' Campus Ministry, various booths will be set up to display the highlights of the day for the different groups of foreign nations. This is open to the public and the time of the event will be from 10 a.m. to 4 p.m.

Ticket sales for the event are $2.00 for adults, $1.00 for children and $1.00 for students. Tickets may be purchased at the Nurses' Campus Ministry or from the Nurses' Campus Ministry.

Organizations

New Sport Skeet Shooting Available

By Alvia Munkers

One of the newest sports on the campus of Norman University is Skeet Shooting. Although basically an unknown sport, it now is a very rapidly growing sport in NUS. This year the first Skeet shooting class has been introduced with Robert Maynard as instructor.

"This class is designed to give people a chance to compete in Skeet shooting and to improve their shooting skills," said Maynard. "This class is for people who can already shoot and not for the beginner as it is an introductory type course. We have some real good shooters and hope that some of them will compete against other shooting clubs.

The fee for the class is $20.00 for adults and $2.00 for children.

Skeet Shooting

The class is now running a shooting range as a fund raising drive. The money will be used for ammunition and needed equipment. Tickets are now available from any class member for $5.00 each. The sessions are a Remington or 470 and can be a 12 or 20 gauge, whichever the winner wins. The drawing will be on Monday, April 19 at three o'clock in Room 309 of Shirley Hall.

Judging Team Receives Honors

Catoring their third major livestock judging contest of the year, Northwestern A&M's livestock judging team took top honors at the National Agricultural College Teachers Association Judging Contest. Attracting 18 teams from 13 states, the contest was sponsored by the NACTA. Judging occurred in 12 hours of livestock with six of each animal.

The Northwestern A&M team won first place in the meat and the third high team in the Brown Swiss judging.

Students Attend Annual Meeting

Twelve Northwestern A&M journalism students will attend the annual Press Day April 3 held on the campus of Northwestern University at Evanston, Illinois. Members of the News and editors by individual students are invited to press day competition, and will compete with other campus papers from several other junior colleges.

Attending the activities will be Brian Barlow, sophomore; Quan, Jeannie Carrell, freshman, Donna Carrell, sophomore, Picher, Tim Freeman, freshman, Burton, Pamela Greener, sophomore, and Miami, Steve Jackson.
