Synar Reports Candidacy

By Don Walker

Mike Synar announced his intention to run for the second district congressional seat now held by Ted Risenhoover, in a news conference before a group of newsmen and supporters, Thursday, Feb. 25.

The news was before The Miami News Record's main office. In a prepared statement, Synar announced his goal to represent all the second district fairly and equally. Synar, a Muskogee native and veteran, brought his campaign to Miami as one of many scheduled stops throughout the second district.

"I AM MAKING my first campaign appearance in Miami, Synar commented, and will leave from here to speak with and listen to the voters in every county in the district." Synar is challenging the incumbent Ted Risenhoover.

"I am not intimidated by Risenhoover one bit. I feel the people are ready for a change in this district."

Jr. College Conference

Held On ORJC Campus

Dr. AG Welch, Jr., president of the Southeastern Oklahoma Junior College, held a conference to be attended by sixty vice-presidents of junior colleges in the state. The conference was held in the auditorium on the campus of ORJC.

Oscar Rose, president of the Junior College Coordinator, gave a talk on the importance of junior colleges in the state. Rose emphasized the need for more funding and support for junior colleges.

"Juniors have a lot to offer the state, and we need to make sure they have the resources they need to succeed," Rose said.

In the morning session, Dr. Welch gave a talk on the history of junior colleges in Oklahoma. Welch shared the story of how the first junior college was established in the state and how it has grown over the years.

In the afternoon session, Dr. Welch discussed the challenges facing junior colleges today. Welch talked about the need for more funding and support for junior colleges and the importance of partnerships with other institutions.

"We need to work together to ensure that our students have the best education possible," Welch said.

The conference concluded with a panel discussion on the future of junior colleges in Oklahoma. The panelists discussed the role of junior colleges in the 21st century and how they can continue to meet the needs of their students.

Young Democrat Society Attends Convention

The Young Democrats of the state recently attended a convention in Oklahoma City.

The convention included a variety of events, including speeches by leaders from the state and national Democratic parties, a debate on key issues, and a workshop on campaign strategies.

"It was a fantastic convention," said Oneida County Young Democrats President, Linda Brown. "We had a great turnout, and I think it was really successful."
Proctoring—Hectic, Worthwhile

Ivan Rogers  Mary Anne Thomann

On a Monday morning, students were on their way to proctoring. It was a bright and sunny day, and the students were happy to start their day.

The school was busy with exams, and students were required to keep busy and take care of their responsibilities.

During the proctoring period, students were required to maintain a certain level of activity, and they were not allowed to leave the building.

After proctoring, students went back to their classes and continued with their activities.

Energetic Rhonda Howe
Norse Star Co-Leader

By Don Walker  Editorial Editor

Full of life and energy, Rhonda Howe is the star of the Norse Star, a newspaper published by the students of the school. She is always ready to take on any challenge that comes her way.

Rhonda is a natural leader, and she has a way of making everyone feel welcome and included. She is always willing to help others and is a great role model for the younger students.

Rhonda is not only a star on the newspaper, but she is also a star in the classroom. She is one of the top students in her class and always strives to do her best.

Rhonda is a true scholar, and she is always willing to help others with their studies. She is a great source of inspiration for the students, and she always encourages them to work hard and to achieve their goals.

Rhonda is a true leader, and she is always ready to take on any challenge that comes her way. She is a true star, and she is always willing to help others and to make a difference in the world.

Credit Industry Receptive to Young Consumers

By Jane Penn

If the world of computers seems to lack touch or enthusiasm that all has as a unit at one time, then take a trip to the computer science department at NBO.

The field of computer science is open to both men and women, commented department head Jim Grover. We feel our graduates are very qualified for employment in the business world," added Grover. "Computer science students graduating from NBO can look forward to computer programer or operator jobs paying as high as $900 a month.

Grover estimates that 50 per cent of our students transfer in bachelor of science degree programs. Over the past few years one third of the graduates are now working as systems analyzers, which is an advancement position. The systems analyst is responsible for evaluating manual systems and replacing computer systems. One third are now programmers, people responsible for writing instructions to the computer. One third are operators, responsible for physical equipment itself.

GROVER IS ASSISTED in the department by Steve Leonard. "This year we have already had two major donations from companies as far away as Houston, To. wanting to work on personal," Leonard said. "Our graduates have been particularly successful in finding jobs," he added.

"NBO has the first computer science curriculum offered by any secondary school in the state, it's only a year," explained Leonard. "There is a real feeling of citizens among our students, they join together in solving problems and sharing views," Leonard concluded.

Approximately 60 majors are enrolled in the computer science program. These views were echoed by three of the students interviewed. Cheryl Dean, sophomore; Karon, senior; Mike Dill, sophomore. "NBO was highly recommended by former students and instructors. The instructors not only concern themselves with our classroom problems, but our personal as well," the students commented.

"Aging with the current courses offered to students, there is a possible new course scheduled to start this summer in micro computers," commented Leonard.

Sex Set for Discussion In Pre-Marital Sessions

Ken Jacks, Marriage and Family Teacher, will be the guest speaker at the second pre-marital seminar planned for Tuesday, March 7.

Jacks has been on a sabbatical leave of absence all year while working on his Ph.D. at OSU. He will return to NBO for a brief visit while speaking at the seminar.

His topic for discussion will be "Sex: communicating before and after the honeymoon - and what about children?"

"At the first program on Feb. 27, we asked for written questions that you would like Ken to discuss and we'll send those questions to him so that he will have a week to think about them," stated Marie Edwards, director of the child development department.

Questions and discussions are expected during the program, according to Mrs. Edwards. Jacks received his bachelor of science at OSU. His master of science at Tulsa University and his Ph.D. graduate study at OSU. He has been teaching at NBO since 1971.

Eagles Expire NEO in Region

By Chris Fletcher
Sports Editor

With five players in double figures, Oklahoma City South- western beat the Golden Norsemen 83-64, losing in Region II pool action at the NEO fieldhouse last Saturday night. NEO finished in first place in the Region II conference this year. The Norsemen, in contrast, lied in third place during the regular season.

Norsemen head coach John Smith said the game was a tough one to lose. "We had a good chance of winning, but we were just out played," Smith said. "We had a lot of turnovers and we couldn't make the shots we wanted to make." The Norsemen were led by senior forward Matt Kimbrell with 18 points. Other key players for the Norsemen were senior guard Chris McFarland with 15 points and junior guard Ryan Smith with 14 points.

The Southwestern Mustangs were led by senior guard Tim Williams with 23 points. Other key players for the Mustangs were junior forward Kevin James with 14 points and sophomore guard Tyler White with 12 points.

Mississippi Style

The game started out with a bang as the Mustangs jumped out to an early lead. The Norsemen fought back, but couldn't quite overcome the Mustangs' defensive pressure. The Mustangs' defense held the Norsemen to just 38% shooting from the field and forced 14 turnovers. The Mustangs took advantage of the Norsemen's mistakes, scoring 18 points off turnovers.

Despite the loss, the Norsemen still have hope for the future. "We're still in the hunt for a conference championship," Smith said. "We just need to focus on our defense and get back to playing our style of basketball." The Norsemen have one more regular season game left, against the University of Central Oklahoma, before the conference tournament.

Lady Norse Fall in Playoffs

The Lady Norse lost their final game of the season against the Mustangs in the Region II championship game. The Norsemen's defense was too much for the Norsewomen, who managed to score just 43 points on 36% shooting from the field. The Norsewomen were led by senior guard Marla Siltanen with 14 points. Other key players for the Norsewomen were freshman forward Ashley Williams with 13 points and junior guard Kelly Johnson with 10 points.

The Mustangs were led by senior forward Tracy Scott with 18 points. Other key players for the Mustangs were junior guard Diana Johnson with 12 points and senior forward Janice Williams with 12 points.

Despite the loss, the Norsewomen still have hope for the future. "We're still in the hunt for a conference championship," Norsemen head coach Mike Stabler said. "We just need to focus on our defense and get back to playing our style of basketball." The Norsewomen have one more regular season game left, against the University of Central Oklahoma, before the conference tournament.
Lashley Assists Women

By Harris Haddix
 associate sports editor

Lady Norse guard Gail Lashley is the catalyst in the Lady Norse team with a record 106 assists and 58 steals. Last year, Kimmie Johnson led the Lady Norse in a 10-9 season in the Bi-State Conference.

Ranking as the fourth leading scorer on this year's team with 24 points, Lashley has earned All-Conference honors three consecutive years. Her performance on the new team reached the semi-finals all four years Lashley participated and Kimmie finished 27 to 2 over a two-year period.

"There is a sense of team spirit and togetherness on our squad and I try to promote that type of attitude. We had things to learn together and since most of the players were new and the coach was new, we were down, close together as a team," emphasized Lashley.

"I'll be back next year cause I'm looking forward to continue my improvement both offensively and defensively. I can't improve if I continue to improve I will consider attending any school that has a good basketball program for women," concluded Lashley.

With her multiple years and going personality, Lashley should continue to provide the Lady Norse with an outstanding offense. And anyway, who would mind being voted in by such a pretty girl?

INTRAMURAL HIGHLIGHTS

By Kevin Radford

Mens Basketball

After three rounds of action only three teams remain unbeaten.

Here are the college teams:

GOLD LEAGUE
Men's Class 4-0
Comets I 3-0
Dyer 2 2
Harrell III C 1 1
Russell III 1 1
Russell II North 1 1

Dyer II 3 0
Harrell III B 2 1
Russell I 2 1
Comets II 2 1
Dyer III 1 2
Russell II 1 2
Russell II North 1 2

Individual scoring leaders after the three games are:

Williams, Russell I, 97 points
Dyer, Dyer I, 94 points
Franklin, Comets I, 76 points
Dyer, Russell II A, 61 points
Satterwhite, Comets II, 57 points
Nail, Harrell III B, 47 points
Ferri, Harrell III B, 47 points
Murphy, Comets II, 46 points
Dyer, Comets II, 40 points
Gardell, Russell II North, 43 points
Soos, Dyer I, 40 points
Odle, Harrell I, 35 points
McClain, Comets II, 32 points
Eaves, Harrell II, 42 points

Lady Norse

Ladies F

By Ron Waymouth

NEO's Lady Norse completed their fifth year in competition in intercollegiate athletics with a disappointing last round loss in Region II playoff system.

Cold shooting from the field and costly turnovers caused the Lady's to relinquish a one point ball game lead to lose by 13 points, 69-56, to Western, at the NEO Fieldhouse Wednesday night.

FRESHERN BISHOP led the Lady Norse with 14 points and was trailed by Gail Lashley who contributed 12 points to the Ladies. Kay Woodall led the Pioneer with 14 points followed by Melanie Harrell with 12 and Sheila Goss, Melinda Nance, Annette Martin all contributing 10 points.

Lady Norse 52-56
Pioneers 35-50

Although the Lady Norse finished the season with a 10-9 record, many good things came of this season. Coach Carol Gallegos became the team skipper and led the Lady Norse admirably.

The most impressive feature of this year's lady roundballers was the three veteran starters Fredricka Bishop and Lashley and Sophomore Norman.

Bishop, a virtual scoring machine set records in four areas, all scoring. First of all she shot a record 287 times making 154 of them for another record. Bishop also maintained a 16.5 points per game average and poured in an amazing 507 points all in only 79 games. Norman led the Lady Norse squad in two categories, free throws attempted with 85 and free throws made with 55. Freshman guard Lashley led the female roundballers in assists with 106 in 19 games.

Lady Norse sophomore, Linda Renorie (22) maneuvers around Western's Annette Martin (44) and appears to be getting a finger "eye" from Shelia Goss (44) as she soars to the lady Lady Norse won the last but Wednesday.
