Congressman Speaks on Issues

By Susan Clark
American News Editor

NEO is on the alert to provide emergency services to the public in the situation of a major oil spill. Syar's plans call for a spill response plan to be in place within 24 hours of any incident. The U.S. Environmental Protection Agency (EPA) has set guidelines for oil spill response plans, and Syar is required to follow these guidelines. Syar has also developed a contingency plan to handle spills in the event of an oil spill. This plan includes the use of specialized equipment and trained personnel to contain and clean up any spills that may occur.

CONCERNING ALL THE MINES in the four-county area Syar owns to end $30,000,000 of the mining industry's desire to do more mining in the area. The initial study is necessary to determine the health and safety of the miners. Syar has committed to a study to determine the health and safety of the miners and the environment. Syar also has committed to a plan to provide training for the miners.

In regards to the public debt, Syar states that the debt was $69 billion in the first quarter of the year, but the company is committed to reducing the debt by 10% by 2020. Syar has also committed to a plan to increase the company's revenue by 20% in the next five years. Syar also has a plan to reduce the company's expenses by 15% in the next year. Syar has also committed to a plan to increase the company's workforce by 10% in the next five years. Syar has also committed to a plan to increase the company's research and development efforts by 20% in the next five years.

The decision to submit the Chrysler Corporation's bid for Syar was made after numerous meetings with Chrysler officials. Chrysler is committed to building Syar into a profitable company. The Chrysler officials have stated that they are committed to Syar and will work closely with Syar management to make Syar successful. The Chrysler officials have also committed to a plan to provide Syar with the necessary resources to make Syar successful.

The company has also committed to a plan to provide Syar with the necessary resources to make Syar successful. The company has also committed to a plan to provide Syar with the necessary resources to make Syar successful. Climate Causes Transfer
Commuters Change Home

By Ruby Bevlin

One comforting thing about the change in weather is that it's not only bringing a different kind of weather, but it's bringing a different kind of commute. With the recent increase in the number of commuters, the traffic during the morning and evening rush hours has been increasing.

Burkyhule, a second-year student at Spring Branch High School, makes the commute every day. "I decided to commute this year because the commute from my house is to get to school quicker and to get to school quicker," explained Burkyhule.

"I really don't get home until late," she said. "But I think it's worth it. I just have to get to school on time."

Burkyhule also enjoys the commute, saying, "I really don't mind the commute. I just have to get to school on time."

LOIS PAYTON is also commuting this year. "I decided to commute because the commute is faster," she said.

"I really don't mind the commute," she added. "I just have to get to school on time."

The Imperials

Contemporary Musicians Present Gospel Concert

By Debbie Schermer

Contemporary Christian singer, the Imperials, gave a spiritual concert last week at Hampton Hall in Mobile, Ala.

The Imperials first began their ministry in 1964. Since that time, their music has been sung to keep up with the changes in music. Their sound is a combination of traditional and contemporary music.

"The Imperials Began to make their music sound to the contemporary Christian music which is a combination of rock and roll with a spiritual twist," explained Dave Wilson, lead singer.

"Some other groups don't want their music and it became a hindrance to them," he continued.

Play Production Creates Fantasy

By Jean York

Creating a world of fantasy and wonder, the cast and crew of the upcoming NE0 production of Alice in Wonderland are hard at work making this play come alive.

Making props for the production creates many problems, such as constructing a joharrocky with a tail that is 6 feet tall in length while the general body is 10 feet tall.

Joharrocky is also suposed to have a hard body and [illegible] and head cut off.

Since this must happen during the production, and the designer must come up with a method in which it can be done, some must happen during the production.

Other problems concerning props in the Chace Theater which is supposed to disappear quite quickly.

There will be snakes, rabbits, unicorns, lions, monsters, perros, chairs, pills, and cards. There will also be a 15 foot compellation [illegible] which must change into a hamburger.

In charge of costumes for the Chace Theater, wife of Don Nichols. “We do a show with a 40 person cast, each one requiring one or two costume changes. Nichols looks at the original book, and then at who plays the part and the design drawings, and comes up with costumes like his.,” explained Don Nichols.

MRS. NICHOLS BEGAN her costume career in Chile, South America, working in the theater and fashion industry. “When you work there you learn everything,” explained Mrs. Nichols.

“We’ve done two or three plays a year and at times done up to four plays a year. I have done one or two plays for the El Mirage Little Theater,” commented Don Nichols.

PRACTICES FOR THE cast members are from 7:30 until about 10:30. The play will be presented December 8 and December 9. Don Nichols is working on several productions which children may enjoy seeing.

Nichols and his crew are focusing on an extensive publicity. Grade schoolers are being asked to participate in costumes in which they draw pictures personifying Alice in Wonderland.

Music for the show is being specially arranged by Clark Douglas for the orchestra. Also helping the cast is Jerald Graham, who will create scenery.

Local Family

Films Television Show

By Dana Evans

“liked the time that I was watching television and seeing but I wasn’t doing it as a career.” said part time student Karen Gilbert.

Gilbert, a writer from Miami who attended 2 classes at NE0, traced her interest to a programming visit to Miami’s ABC station. “How Will You Can You Talk That About Sex?” will be in January.

THE GIBERTS, who are chairman of family life in the Meridian Church, were called and interviewed for the show. A thousand families were contacted in the greater Miami area. The producer of the show then interviewed 500 families at their house and the Gilberts and a family from Oregon were chosen.

The trip lasted five days with two days of rehearsing and two days of sightseeing. “The trip was paid for and we received 1,000 for doing the show,” said Gilbert.

The filming took place in Los Angeles and the Gilberts returned to ABC studios. The families rehearsed the show the day after they arrived and taped the show the next day. “It took us 16 hours to do the show beginning at 8 a.m. and ending at 1 a.m.” commented Gilbert.

“Make-up and hair design was really a pain to have to put up with.” The families would tape for 10 minutes then wait an hour before they did anything else. “The waiting was tiring, we couldn’t move around,” said Gilbert.

HAL LINDEN, OF Bart Newill Miller was the emcee for the program. The audience answered questions then Linda would give them the right answer then the families were asked questions. There were two ex-perts on sex also on the show who participated in the discussion. “I thought it would be embarrassing but when the time came for the show we weren’t at all,” explained Gilbert.

After the show was completed the Gilberts toured Universal Studios, watched a taping of the TV show Benson, saw the stage play Annie and went to Disneyland.

“My Job HERE is the busy. Most of the time I’m doing hurry-up projects, that keep me running. It’s not heavy work, but the major problem is time, there isn’t enough of it!” exclaimed Gilbert.

Caudle would like to continue his education at Nebraska of the future. “I receive my teaching degree, I think I would like to be an art teacher. I would be happy in just about anything connected with the field of art.” remarked Caudle.

RECENTLY CAUDLE PLACED third in an art show at Missouri Southern with his three dimensional sculpture. He has also completed an art show in Iowa, Kan.

“I would like to devote more time to my work, but between working, school, and outside projects, it’s hard to find time,” explained Caudle.

Caudle maintains a studio at his home in Grove. He has been married for 21 years. He has four children, two of whom are married.
Bowl Committee Invites Norsemen

NBO has accepted a bid to the fourth annual bowl game being played in Shreveport, La., Nov. 17.

The bowl was scheduled for Saturday, November 17, at 2 p.m. in Shreveport Bowl. Concluding the regular season with a 13-5 mark, the Norsemen will face a 7-6 record to take the third place at the bowl and will face the Northwest Arkansas Community College. The game will be played at the top 15 of the National Junior College Athletic Association.

The Scottsdales Drovers are currently ranked sixth by the NJCAA following a 13-5-2 mark in Eastern Ohio last week. Competing in the Ohio Junior College Athletic Conference, the Drovers are currently 7-1-1 on the year and 4-0-0 in league play. The Norsemen are currently 7-1-1-0 in the conference.

The Scottsdales Drovers were in the inaugural bowl game in 1976 dropping a 28-15 verdict to host Garden City Community College in the 1977 edition of the bowl game.

The final regular season game scheduled for Thursday night against the junior varsity of Arkansas State University in Jonesboro, was canceled because of numerous injuries on the Arkansas State varsity unit. The Arkansas State Junior Varsity had an 0-7 season mark following a 52-0 whipping of the hands of the Memphis State JV squad.

The Golden Norseman were participants in the inaugural bowl game in 1976 but had to be picked out of a pool of 155 teams from around the country.

TRENCH DUTIES

Livestock breeder Scott will have no trouble playing in the role of a college football player. Scott's success in the trenches will be due to his exceptional strength and quickness. "Speed and strength are the key assets," said the offensive line coach Vicky Livey. "This season Bruce has played exceptionally well and it's because of these two assets."

Bruce Scott would be the best man to look at. Scott was an All-American performer in both football and wrestling at Oklahoma City Western Heights while also playing basketball.

Cagers Debut Classic Action Set

By Curtis McGlinch

Newnan, Ga., Nov. 17 - The NIU 1979-80 basketball team will take the floor for the first time in the annual Orange Bowl Classic Set.

The NIU 1979-80 basketball team will play in the annual Orange Bowl Classic Set this weekend. The tournament will begin on Friday with NIU facing the Georgia Tech Bulldogs.

The full tournament will be held in the Orange Bowl Classic Set and will feature several college basketball teams from around the country. The teams will play in a round-robin format with the top 15 teams advancing to the final championship game.

The tournament will feature teams from the University of Alabama, the University of Kentucky, the University of North Carolina, the University of Tennessee, the University of Notre Dame, and the University of Michigan.

The games will be played on Friday and Saturday, with the championship game scheduled for Sunday.

Lady Norse Open Season With Sophomore Starters

By Jeff Goodbody

The lady Norse basketball team opened their season with a 78-48 victory over the visiting Lady Mustangs from the University of Arkansas at Pine Bluff.

Team members included seniors Karen Smith, Terri Thomas, and Linda Johnson. The team also featured a host of freshmen and sophomores.

CAGNANNI SAID THAT: "The team is off to a strong start," said Cagnanni. "The Lady Norse basketball team is off to a strong start."

Look Out Offense Smothers In Fight-Marred

By Mark Means
Associated Press

COMPLETING NEOS' 54-yard run at the goal line was quarterback Don Barta, who picked up 60 yards on nine carries during last week's game as the Norse routed Grand Rapids, Mich., 56-6.

Neosburg tailback John Johnson and tailback defenders Russ Rosman (32) and Bob Suppinesk (82) as Doug Wrey, sophomore tackle, brings him back. Johnson picked up 60 yards on nine carries.

Nord's run to the Raider nine yard line. Mumphrey carried ball all three times before scoring on the five yard line to burst out right guard.

THE ESSEX TAILBACK burst again into the open around the right end for an eight yard gain. Score now was 3-0.

Sophomore fullback James Banks completed scoring for the Norsemen in the second period when he scored on a 15 yard run from the one yard line. It was 9-0 Norsemen.

Sophomore halfback Chuck Hoffman broke the 70-yard drive of 13 plays with a one yard plunge at 10:29 before intermission. Gus on 30 carries and scoring four touchdowns.

The Norsemen took advantage of Mumphrey's ability and allowed him the opportunity to capture two scoring runs from 3 and 8 yards out. After Luehrman's punt, over from the one yard line, Mumphrey, seeming to get the ball on the 54-yard seven play drive, batted his eyes after safety, drew a crowd of Norsemen and eventually picked up 20 yards. Mumphrey carried the ball five times on this 48-yard play and was able to pick up the six Norsemen touchdowns.

SOPHOMORE WIDE RECEIVER Bobby Keilholz finally scored his first TD of the season at the beginning of the third quarter.

The speedy Hammontree slid down the endzone line, on a third and goal play from the Grand Rapids four yard line, in order to take a pass from Keilholz for the final touchdown of the night.
Practical Jokes

Minor Vandalism

Halloween may be over, but the vandalism is still around campus.

Vandalism, according to Webster, is a willful or malicious destruction or defacement of public or private property.

Has anyone noticed any of this kind of action around NEO? It doesn't necessarily have to be anything harmful or destructive beyond repair. It can simply be letting the air out of someone's tires, super-gluing the hinges and paper on the table in the cafeteria, or whitewashing someone's windows with large amounts of shoe polish.

Many persons do not realize that this form of having fun is actually vandalism. Other forms of "light" vandalism include throwing trash can full of water. Some people like to put it on the shelves just to watch people slide around, and others like to glue the locks shut on the doors. Both of these forms of so called "fun" could actually hurt people if the long run, so it, too, could be determined as vandalism. As the vandal, a person can do harm, and most likely forget it. (That is, unless his conscience won't let him sleep.) But the victim must live with the mishap of being vandalized. There is, however, a very little he, by himself, can do about the problem of vandalism.

Everyone should really look at their situations and the possible outcome before doing any practical jokes. Vandalism isn't a laughing matter when you get called into the dean's office because of a silly "practical joke".

Misuse of Valuable Time Caused by Procrastination

By Terry Robinson

Why does it seem that there are never enough hours in the day to do all the things that must be done?

Seriously, in order to do absolutely anything, there is a certain amount of time which must be put in. If someone were to think hard about some of the things they do, they would see just how much time is wasted. People throughout their lives have glanced at to-do lists and have put them in the drawer to do later, only to have the to-do list crease. The to-do list cannot be handled properly when the work is not completed.

We do not discriminate against anyone, sex, race or non-students. When a student reaches into this office, they are treated just as students.
