Stars Hold Clinic

According to Linda Beary, Nurse Star director, the Nurse Star Dance Clinic from NEU will be held at a drill team clinic starting Friday evening, April 21. The clinic will give the girls interested in drill team a chance to see our campus and meet girls from other high schools plus members of the Nurse Stars. Junior and senior girls are welcome to come, even if they are not planning to attend NEU.

Three meet will be provided free of charge in the NEU calendar on Saturday, which includes breakfast, lunch, and dinner. Also, provisions will be made for them to stay in the dorms on Friday night.

If there is a marked difference in dance or drill team experience, the girls will be divided into beginner and advanced groups.

If there are any girls interested, please send the self-addressed application card to Linda Beary as soon as possible. She will need additional application cards as they are needed. Also, if you have any questions, please call 918-432-4111 Ext. 203 or write to Linda Beary, Nurse Star director, NEU A&M College, Miami, OK 74354.

Student Improvement Form

Attempt to Solve Problems

"The student improvement form is an attempt to ask students to write what they feel are their priority problems," said Linda Beary, student senate president.

The student improvement form will be the idea of Paul Fehrenbach, student senate president in 1977. Student life is an area of great concern to everyone at NEU. The student senate is working to provide maximum benefit to the student in this area.

Forms will be distributed to each room in all the dorms. There will also be a form in the next newsletter for the student to fill out. The student should write the nature of the problem and how he thinks it should be changed.

Problems which the students describe will be checked into the student senate at the next meeting. "This is a form to get all the students involved and not just the student senate representatives.

The dance will be semi-formal, no pants will be allowed. There will be a banquet before the dance, which will be free of charge to all students. "Ball Court" from Joplin, Mo, is the band chosen for the dance, which will commence at 9 p.m.

April 2 through 5 the Baptists Student Union is holding a revival. Alton Farnum will speak and will begin at 8 p.m. each night. Also, the Home Ec Club is sponsoring a barbeque at the dorm park at 3 p.m. Monday, April 2.

Opinions

Marquee Needs Updating

Dear Editor,

I believe, as well as many others, that the inadequate preparation at the marquee should be brought to the notice of the student senate and administration. The marquee was originally one of the first current happenings not to take place. As a result, the chairs performed around a group of students who had heard about the concert in the Miami News Report. If there were a notice on the marquee, then more people would have known about it and more people would have attended.

There are some other cases where students were not aware of events due to the fact that they were not posted on the marquee. The Student Senate's Spring Fever Formal is another case in point. A former Miami News Report paper would have benefited from being posted on the marquee. Last I noticed there was no announcement of the formal.

Norse Wind is a student newspaper which attacks our community for its dietary deficiencies. In the past I have been a major contributor to this paper and I believe that the students of Norse Wind should know that I have written this letter.

I would like to bring to the attention of the students of Norse Wind that they are being misled about the dietary habits of their peers. Norse Wind has been consistently reporting that the students of Norse Wind are not consuming a balanced diet. However, I believe that this is not true.

I have been a member of the Norse Wind editorial board for the past year and during this time I have had the opportunity to observe the dietary habits of the students of Norse Wind. I believe that the students of Norse Wind are consuming a balanced diet.

I would like to suggest that the students of Norse Wind should consider the following:

1. That the students of Norse Wind are consuming a balanced diet.
2. That the students of Norse Wind are not consuming a balanced diet.

I believe that the students of Norse Wind should be aware of these facts.
