Collage

College Assembly Slated

Each year, on a Friday, the College Assembly is held to help orient the students with the other college students. The assembly is normally held earlier in the year than this, but due to the schedule, the first date open was Sept. 18, taken Dr. Boyd Converse, Dean of Student Services and Athletic Coordinator.

The assembly will be held in the Fine Arts building at 12:00 on Sept. 18. Classes will resume at 12:00.

Council, Senate Convene

Meetings are set for the beginning of next week for Student Senate and Inter-Dorm Council.

Inter-Dorm Council is planning their first meeting for Monday, Sept. 14, at 7:30 p.m. They will meet for breakfast in the cafeteria. The meeting will be open to anyone interested in participating in the council.

Old business that was covered at the Inter-Dorm Council meeting will include the

Parents Day Scheduled

Registration for parents attending the annual NEO-P sadly's Day will be held from 9:00 a.m. to 3:30 p.m. in the faculty lounge of the student union.

Between 10 a.m. and 1:30 p.m., an audio-visual presentation of NEO life on campus will be viewed in the faculty lounge of the student union.

Singers Free Movie Set Monday

Auditions for Minstrel show were held Sept. 1 and 2 in Copnor Hall.

Soprano Pat Ellis, Spyun, soprano, Cindy McCollough, soprano, freshman, and Brenda Ashby, Tina freshman. In the alto section are, Janie Holden, Dewey, soprano, Lynn Ser- ren, Mary, freshman, and Donna Michal, Verna, freshman. Ten- nen are, Barry Hall, Alex, soprano, Mack Burtens, Miami, freshman, and Karly Wears, Miami sophomore. The bass will be Doug Davi- son, freshman, Doug Raffner, Miami, freshman, and Chuck McMillan, Miami, soprano.

Parent Day Scheduled

The production of the musical, a staple in the fall production, will be presented at 3 p.m. in the Fine Arts building. This will include shots of campus activities.

Tryouts for Dracula were held on September 3 and 4 from 3 to 5 p.m. on stage at the Fine Arts building. The play will be directed mainly by the Drama Department but anyone was invited to audition for the parts.

The play has a cast of eight characters, six male and two female. The play is a double feature and will be performed on stage in a one-act format.

The play has been produced before, but this year's version will be different.

While touring, the cast will be responsible for making up the scenery and the technical aspects of the production. The play is a double feature and will be performed on stage in a one-act format.

The cast was chosen on the basis of ability, training, and suitability for the parts.

The tentative cast includes:

Nena Fish, Brenda Hilleard, David Kiner, Kandy Lafferty, Tony Kiser, Bill Jones, David Moers, Kim Sierkmann, Chuck Coss, Tammy French, Dana Fisher, David Woods, David Grey, Glen Arnold, Robert Hering, Laurie Jackson, and Joe McDaniell.

The assistant to the producer will be Lena Whitmore.

Jim Siemens said, "We couldn't sleep all weekend just wondering about the results." When asked how she felt about being chosen she replied, "Ella- bated."

Don Nicholes for the cast will be Chuck Coss who said, "As an individual I'm very pleased, and as a cast member of all I feel I will be well. Mr. Nicholes is a wonderful director."

Don Nicholes has taught at the college for 12 years. He is an instructor for Humanities, Stage Makeup, History of Costume, and Introduction to Theaters. He cast, directs, and produces two to four productions each year and has been doing so since he began teaching here.

The audience views a play, such as Dracula, they rarely realize the amount of time, practice, effort and skill that has been used to prepare the production.

Mr. Nicholes began work on a play a month before it is presented. Practice is continuous.

The play may be for some students, but for the audience it is a tale of love and loyalty.
Sophomores Vote
Eubanks Leader

Taking the challenge of a new school year and a new job, Richard Eubanks recently was elected to the job of sophomore class president.

Eubanks, a sophomore accounting major, remarked, "After the election I was surprised and happy, and I want to live up to the job." With plans for the homecoming flyer, tarot, dances and weekend activities, Eubanks hopes to encourage students to "get involved..."

Getting them involved is one of the main things that Eubanks is focused on.

"If people would step up here for a few weekends and come out of their shells, we can have a lot of fun," he noted.

Eubanks was born in Spokane and raised on a farm in Ritzville, he explained, "I'm just a farm boy and I love horses." He graduated from Bishop High School in 1980 and during his high school days he enjoyed track and football.

Last semester Eubanks was a member of the NEG track team. "If time allows I'd like to run in again this year," he said.

Eubanks states that he has a busy schedule this semester with 16 hours, three living activities and 2 tennis teams, "I hope to go to Bellevue to get some people down to.

Some of his other favorite activities include, fishing, water skiing, and in this he excels, "I like any kind of sports..."

In conclusion Eubanks expressed, "I'd like to thank the people that voted for me and the people that helped me campaign. I'm going to try and do a good job, to do my best..."

Chimes Enhance Everyday Life

A lot of time and expense has gone into making our campus more attractive, a prince example being the mural..."

"I feel the mural makes our campus much more beautiful and very unique," says Milford Carter, business manager.

The reflecting pool, chimes and fountain were all part of a campus beautification program completed in the late 80s. Cost of the three years in excess of $20,000.

No college funds were used. The Miami Lions Club donated the fountain and the reflecting pool and chimes were built through contributions from various people. A bronze plaque listing the contributors is mounted on the south end of the pool.

The harmonious chimes we hear everyday are located in the tower in the center of the reflecting pool. These Schulte-Gerber bells chimes play various melodies on the hour. A sensitive and waver-operated system also plays a song very much like those you see on a piano player. Variety of songs are played.

At Christmas there are many unusual melodies in songs that will be played at homecoming.

The approximate cost of the three years was $180. "I would like to encourage any campus organization interested in a fund-raising project, to keep it mind that we have a catalog with new and different songs," said Carter.

"Our mail adds a lot to the personality of our campus," Carter replied.

New Instructor Enjoys Working Around Children

By Denise Pert

First time at teaching in Child Care, Denise Pashen, the new child care instructor, is making NEG her first teaching position.

Miss Pashen came to NEG because she felt it would be a good opportunity. Although originally planning to teach kindergarten, Miss Pashen decided to teach here for a year because, as she said, "I think it will be a good learning experience. The Child Development Center here is really good, too..."

Miss Pashen received her teaching credentials from OSU and last year spent time teaching her way around our small campus. "I really enjoyed being here. The campus is very beautiful. I have yet to learn everything about it, because everyone is very nice and helpful," she stated.

Another reason that Miss Pashen enjoys being here is that she gets to work in the nursery school, which she says, "will be nice." Miss Pashen became interested in teaching kindergarten because, "I like children and I want to work with them. I think teaching is important, especially for the young, who need to have a good experience with teaching and teachers," she said.
Culley Full of Life After Accident

By Julie Wolfe

After an accident which left him paralyzed, Dan Culley still copes with the everyday life of a student-athlete.

At 17, Dan Culley had everything to look forward to. A senior at Miami High School, he was an "A" student and popular with his classmates and teachers alike. Although he had attended enough credits to graduate and had even earned 9 hours of credit in college during the summer, he decided to stay in high school in order that he could play football and graduate with his friends.

It was early in his senior year when the life completely changed. One month he decided to travel to Columbus, Ky., and the Liberty Shure-Fall, where he occasionally met other high school students.

Although he was only 17, they let him in. While he was there, Dan didn't think too much of it. But when he got home, he realized that his life had changed.

"The road was too narrow," said Dan. "I turned to my friend to talk to him and when I looked back at the road, it was too late. I went off the left side of the road and we hit 3 cement culverts and 2 trees. Well, that was no match for my MGB CONVERTIBLE. But the two of us were thrown from the car and unfortunately, landed on my head and that was enough to break my neck, fracture my fifth vertebrae and break my spinal cord.

"The ambulance was quick to arrive and I was conscious until the ambulance arrived. I remember being loaded into, but that's all.

"Doctors at Miami Baptist Hospital told his mother and father Dan would not live through the night without the aid of a respirator.

"But I had a bad dream and it decided if the situation ever came up I wouldn't want to be on life support machines." Dan was taken to St. Francis Hospital in Tulsa, where he spent 9 days. What was apparent would he live on his own, he was moved to Tulsa Hillerman Rehabilitation Center to undergo extensive tests and therapy to determine the extent of his injuries.

A year after the accident, Dan is in a business-oriented wheelchair and walks with the aid of 2 canes. He has regained use of his arms, but he has no muscular control of his hands, fingers or legs. But Dan Culley has not remained idle.

Dan has not hindered my social life at all. My friends are the best, they didn't forget me after it happened. I still go out with my friends, I still go to watch football games.

"I'm not the same person as I was before, I'm not the same person as I was before, but I'm still there. I'm still going to be there." Dan Culley will be there.

New Dorm Mom Manages Dyer

Dyer Hall's Juanita Duncan has been newly appointed as the Dorm Mom. She has been with the school since she was a student.

Duncan has been with the school since she was a student, and she has been involved in various capacities. She has been a dorm mom, a teacher, and a dorm parent.

She has two children, Larry and Elizabeth, who are now married and have children of their own. In addition, she is the proud mother of a daughter, Charissa, whom she adopted when she was three, who now lives in the apartment with her. "The parents are real nice to her and my husband," Duncan said.

In past years Duncan has worked for Texas A&M University, where she was a dorm mom and a dorm parent. She has also worked for a few years for a dorm parent and a dorm manager at the University of Oklahoma.

In her spare time, Duncan enjoys crocheting and needlepoint. "Crocheting is a good hobby," she said. "I've been very busy with the beginning of school, but hopefully I'll be able to get back to it soon.

When asked about her dorm mom responsibilities, Duncan responded, "She's just like any other mom. She's just like any other mom, except she's just like any other mom. She's just like any other mom."

Thincldas Open Fall Competition

Norse Wind, September 11, 1991

Working out four days a week, the Golden Norse cross country team is preparing for the fall season. "We will be running in competition this year, but we don't have an active schedule in terms of events," said track coach Bill Kramer. "Our first race is Sept. 18 in the Burton County Cross Country Invitational at Great Bend, Kan."

On Oct. 16, some members of the team will run in a 10-kilometer road race in Joplin, Mo., sponsored by the Northwest Mall. Then in the Tulsa Run and the Region 2 meet, both of these dates had not been set by press time.

Coach Kramer has five men and eight women on his fall cross-country team.

Four seniors anchor the men's cross-country team. Seniors are Robert Ryan, Tulsa East Central; Mark Schmuller, Baske Springs, Kan.; Mark Prater, Ada, Okla.; and Kent Lathrop a transfer student from Westminster College, Fulton, Mo.

Norse Face Tritans

By Steve Gowan
Sports Editor

Defending NCAAs champions Golden Norse invaded Fort Dodge, Iowa, Sept. 12 as they took Iowa Central Community College to open their 1991 grid season.

Iowa Central defeated North Iowa, 28-24, on September 14, in their season opener. The Norse coaching staff traveled to Fort Dodge to scout the Tritans. "We will be working extensively from the scouting report we compiled against Iowa Central to try and eliminate their squad as close as possible," said head coach Glen Wolfe.

"They have an established program up there. Over the last four years they have posted a 14-2 record including winning the NCCAA national title in 1988," Wolfe explained. "They have very balanced offense and their defense could pose us some real problems, although overall, they seem to be average on both sides of the ball."

"Defensively, they use a split formation, which is effective, but they may be lacking strength on the front line and all but take away your running game. They also drop back their secondary which calls out the maximum and long-range pass," Wolfe explained.

"This type of defense forces you to try and drive the ball in a long, gradual process which can wear a team down this early in the season," Wolfe continued.

"What we have to be really concerned with at this point offensively, is developing the patience to work against this particular defense. It will be very difficult when you have as many freshmen as we do in the starting lineup," remonstrated Wolfe.

"Another thing that seems to be the back of your mind is cutting down the number of turnovers against a team like this because they can strike from anywhere on the field and at any time."

The Norse offense will be working with an injured Todd Wesley at quarterback. Wesley hurt his back a week ago in a game and was diagnosed with a strained muscle against Southeast Missouri State, Springfield, Mo. The Norse will also be without the services of credit end Darrell Molver who will be out for a week with an ankle injury.

"Offensively, they fly up to the line and dive off the ball instead of trying to go down the middle. They are real balanced in the running department also try to run and pass about the same amount of time throughout the game," declared Wolfe.

"We won't be able to keep them off the scoreboard because of the diversity of their offense. Their running backs are real big, but they aren't exceptionally fast. Their receivers are very quick and run a very good pattern," Wolfe observed.

The two teams have met since they battled to a 14-14 tie in 1972, in the now abandoned Mid-American Bowl at Hutchinson, Kan.

The Tritans opened the series with a 56-21 victory in 1968 at Fort Dodge. A year later the Golden Norse took revenge of the loss, winning 35-20 at Robertson Field. The Norsemen traveled back to Fort Dodge in 1970 to pick up a 23-20 point from behind victory. The Norse made it three in a row as they swept the series, winning the last two.

The last time the Norsemen traveled to Fort Dodge was in 1976, with the Norsemen picking up their third straight win to close the series. The Norsemen will open their 1991 campaign ranked fourth in the NCAAs and were number eight according to JC Gridwires. They concluded the season with a 9-4 record including their 13-6 victory over Hardison Valley in the annual Cros-Coca Bowl at Fort Dodge.
End Pre-Season

Norse Fare Well

By Steve Hill

Chapeauing an offensive attack balancing between running and passing, the Golden Norsemen mid-season scrimmage was a victory for Norsemen head coach John Cady. With the Norsemen trailing 10-7 with 1:22 left in the half, the Norsemen scored a 40-yard touchdown on a pass from quarterback Daryl Mobley to wide receiver Daryl Mobley. The Norsemen then scored on a field goal, leading to a 27-14 victory over the Bearcats.

The Norsemen outgained the Bearcats in total yards, 454 to 258. Mobley had 119 yards passing and 103 yards rushing, while Bearcats quarterback John Johnson had 131 yards passing and 73 yards rushing. The Norsemen also intercepted a pass from Bearcats quarterback John Johnson.

Successful Grid Battle in Season

Winning may not be everything to most people, but it can be the only thing for those in the coaching profession and the two coaches involved in Saturday night’s football game in Fort Dodge, Iowa.

Norsemen head coach John Cady and Bearcat head coach Chuck Bowman lead their squads in the battle for domination. Cady’s Norsemen are 5-2, while Bowman’s Bearcats are 4-3. The Nosele will play their 10th game of the season and are hoping to improve their record.

The Norsemen have been led by quarterback Daryl Mobley, who has thrown for 1,200 yards and 10 touchdowns. He is also the team’s leading rusher with 700 yards and 11 touchdowns. The Bearcats are led by quarterback John Johnson, who has thrown for 1,400 yards and 12 touchdowns.

The Norsemen are known for their strong defense, led by linebacker Tim Edwards and defensive back Timmy Johnson. The Bearcats have a solid offense, led by running back Timmy Harris and wide receiver Timmy Green.

The Norsemen and Bearcats are rivals and have a long history of competition. The Norsemen lead the series 6-4, with the Bearcats winning in 1978 and 1979. The Norsemen need to win this game to secure a playoff berth in the Iowa Eight Conference.

SLIPPING AWAY

Freshman quarterback Kevin Adams breaks the grasp of a would-be Bearcat tackler with a one-yard scamper in the Norse gridiron scrimmage, Friday. The Norsemen open the season at Fort Dodge, Iowa, Saturday.

Athletics
Freshman Finds
Weekends Boring

Dear Editor:
I am a new incoming freshman. I think NRO is a waste of time, but I enjoy the Dorm Raid.
It's fun!

There is nothing for the students to do on weekends. Most students are at home or in their dorms. The activities should be expanded to include more variety.

I urge a response to this letter. Please consider the sentiment of the students who are trying to enjoy their college experience.

Sincerely,
Student at Norse Hall

Search for Ark
Provides Action

There has never been a movie quite like "The Right Stuff." Now, the sequel, "The Search for Ark," is coming to theaters. This dramatic film tells the story of the first crew of astronauts who embarked on a mission to recover the Ark of the Covenant.

Brenton Walter, a junior at Norse Hall, says, "I think the movie is a great way to start the year. It's a real page-turner and I can't wait to see the next one!"

Bond Entertains

This summer, Norse Wind is proud to present a new installment of the popular Bond series. "For Your Eyes Only" is set against the backdrop of the Cold War and features a cast of characters that will keep you on the edge of your seat.

Security is calling and questions are asked, suddenly no one knows what's going on. Bond must use all his skills to uncover the truth.

The consequences of the events in "For Your Eyes Only" will be felt in the next installment of the series, "The Search for Ark." Don't miss out on this thrilling adventure!
