Counselor addresses problems

Dr. Colleen Scanlan, assistant vice president, addresses problems

Thompson also attended other schools in more specialized areas. Located in a very international ski village in Britain, Vermont, she attended the School for International Training and Management. Located in Hawaii, she attended the University of Hawai’i at the East West Center. The East West Center specializes in Asian studies.

Thompson also attended Wittenberg State University, for English as a second language and Oklahoma University to learn about chemical dependency. She is certainly qualified for the many jobs that she is responsible for.

Thompson expressed many concerns for young people today.

"Young women should consider keeping a journal longer and it is able to support themselves in their careers. Everyone should know that money is not the only end of consideration for a career.

"Analyze and think clearly. Don't just take what you see at first glance. Read and read many different sources of information and get television.

"In closing, Thompson relayed a few words of advice to students.

"We need to be more to each other and realize that not all of us are the same, but we all have something to offer each other."

Judging teams sweep competitions

Competing in three separate contests at the college's livestock judging camp at Wittenberg, participants in all three events.

Opening the fall season in Wichita, Kan., the team won high team overall, high team reasons and high team in cattle judging. The team finished third in sheep and swine judging.

Stella Dammer, a sophomore from13, was high in individual homes at Wichita.

Traveling to Fort Smith, Ark., the team competed in both the novice and pro contests.

The novice team finished first in cattle and reasons and second in sheep and swine.

Mark Puschen, a freshman from Wittenberg, finished second in the novice individuals while Sean McKenna, a freshman from Wittenberg, finished third. Loren Cooksey, a freshman from Wittenberg, finished fourth. Donna Lott, a freshman from Wittenberg, finished fifth. Lott was placed third in the team.

The pro team finished first in cattle and reasons. The team was placed second in sheep.

Opinion

Personal income becomes factor

The new President of the United States may be chosen by determining whether or not his personal finances have improved in the last seven plus years.

The amount of money left in your pocket after bills have been paid is usually the determining factor in whether or not one believes the current administration is doing a good enough job.

Since the U.S. is a "capitalistic" society, the whole ball game comes down to the simple ingredient of money, or lack of it. If a person has little or no money after taking care of necessities, or cannot even take care of all of them, then probably the best bet is that personal economics are not as good at every street corner, the stories that the candidates tell about the trends of the dollar are of importance.

Just because the president or running for that office, doesn't mean that he always tells the truth. There are many stages of the truth. One can tell "little white lies" or "half-truths" or evade the question completely by diverting the issue, or the method that has been used to the extreme by both candidates this year, attacking each other's credibility.

The "aura" that the candidates have chosen to expose upon the eyes of the majority of citizens. Although Bush seems to think that economics in the U.S. have improved tremendously in the past seven plus years. And, to give credit where credit is due, the economic situation of the president and vice-president have improved. As have the finances of several other individuals that the individuals do not make a country.

The fact remains that most citizens are still feeling the pressure of their pockets. Daily, there are bank closings and bankruptcies. There are farmers being financially forced to sell their assets. Unemployment and underemployment seem to be the norm in the U.S. today.

This condition may not seem apparent to the people that are not in this condition, but to those who are, it is of utmost importance.

Pick up any newspaper, listen to any news report, watch any worth a dime and one can readily see that there have actually been very few changes for the better. Yet, to hear Bush speak about economics, is to hear about his great Reagan years.

Yeah, right. Things are so great that our illustrious leaders sold KILLING MACHINES to a country that kidnapped our citizens like "refugee" reports. Often. Things have been so great that seven plus years that old people are often unable to receive proper medical attention if they are dependent on federal programs to pay for it.

Things have been so great that we now face the decision of choosing a president from a present platform, or one that Mass.--known as the people from the truth or a lie in the dark cannot.

Red Cross issues special thanks

Dear editor,

Please express our thanks and congratulations to the students of NEOMN who, by the success of your reporting, have raised $95. This total of 69 students and students from the NEOMN area have donated their time and efforts to raise funds.

Many of their former students contributed to the efforts but there was also a donation from the NEOMN area.

The students should be proud of their work and should be proud of their efforts to help those in need.

Respectfully,

Lisa Field, Fresh.

Sherry's gems

The excitement today, seems to come from condoms.

Surely you're excited about using condoms. It's a killing weapon with one in two million to speak. You are preventing the spread of sexually transmitted diseases and unwanted pregnancy.

With the AIDS epidemic raging, condom manufacturers are reaping enormous profits off of these little latex sheaths.

Not only can you use condoms during sex, you can wear them whenever you get the urge.

Yes, we are indeed talking about wearing condom billboards, T-shirts, and so on.

You too can wear one of these terrible little advertisements for your favorite brand of condoms, or you can advertise your own general sex appeal.

You can also wear them on your T-shirts just for fun.

Okay, guys, you may say that wearing a shirt that advertises condoms will hurt you. That's fine.

But seriously, if you are engaging in sexual activity, wearing a condom can save you a lot of worry and hassle later on.

Don't let the past in the cold. If involved in that active sex life, protect yourself and others. Use condoms.
Ogle feeds cast of thousands

By Donald Euster

Ogle is the director of the cafeteria, which serves three meals a day to 11,000 students.

Ogle said: "If we have enough food, we will serve it. Otherwise, we will serve something else.""We try to provide a variety of foods for everyone," said Ogle. "We serve breakfast, lunch, and dinner, and we also have snacks in between." The cafeteria offers a variety of options, from traditional American dishes to international cuisine. "We try to have something for everyone," said Ogle.

The cafeteria is open from 7 a.m. to 9 p.m. and serves breakfast from 7 a.m. to 11 a.m., lunch from 11 a.m. to 1 p.m., and dinner from 4 p.m. to 7 p.m. snacks are available 24 hours a day. The cafeteria is located on the main campus of the university.

Art instructor creates statues

By Jill Love

Standing proud and tall on the northeast corner of the college campus is a sculpture of a man. The sculpture is made of bronze and was created by Dr. Nick Calagano, a professor of art. "He is a very talented artist," said Dr. Calagano. "I am very proud of him." The sculpture is part of a new exhibit that will be on display for the next few months.

Dr. Calagano has been working on this project for over a year. He has worked with some of the best artists in the country to create this piece. "I am very proud of the end result," said Dr. Calagano. "I know that the students will love it." The exhibit will be open to the public and will be free of charge. "I want everyone to come and see this exhibit," said Dr. Calagano. "I think they will be impressed."
Young Guns proves success

Six reasons why the West won.
Young Guns, 1985's version of the story of Billy the Kid and his gang, is a huge success, and American number one movie.
Young Guns is a tale about the ruthless man Billy the Kid and his gang in the lawless and violent old West.

Tritons entertain Golden Norsemen

Returning to the ranks for the first time of two straight long trips, the fifteenth-ranked Tritons face the second-ranked Golden Norsemen at Poteau, Okla., Saturday, 4-7 p.m. in the annual Central Oklahoma Community College Conference.

Following a 3-0 homecoming win against Grand Rapids, Mich., last Saturday, the Tritons moved from eighth to fifth in the weekly ratings with a 5-1 record. "We're not trying to say how good Grand Rapids was, but one thing is for certain, we can't afford to lose to Iowa Central and have a shot at Trinity Valley," said coach Paul Shupe.

"We don't know much about Iowa, but they're coached well and they've got a lot of experience," he said.

The Iowa Central Community College Tritons, led by veteran head coach Paul Shupe, will definitely expect a tough battle tomorrow.

Head Coach Paul Shupe has passed the Tritons for 22 years and has compiled an overall record of 163-52-4.

The Tritons finished the 1977 season fourth in the Iowa Junior College Conference at 2-4 and 3-6 overall.

Thus far this year the Tritons have compiled a 3-2 season mark and a 2-1 conference record. The Tritons defeated Iowa Lakes, 42-2, last Saturday in Des Moines, Iowa.

After injuries and other problems during the first-year squad, coach Schaper has a solid nucleus of 28 starters returning from last year's squad.

Quarterback Tim Schaper (5-11, 180), along with running backs Kevin Tiner (5-10, 200) and Steve Kue (5-11, 225) return to the backfield while sporting a veteran line.

Returning on defense, linebacker Steve Clark (6-2, 230), tackle Donnie Mandell (5-11, 230) and defensive end Dave Gallaty (6-1, 200) will give some vital experience on the field.

The Norsemen, with a 5-1 record, are led by only three Texas, Texas and could help give the Tritons their third straight losing season.

The 1977 season had the worst record in 21 years for Iowa Central.

The Norsemen own a 6-2-1 advantage in the series which began in 1963.

Last year NEO handed ICC a 20-0 defeat in the final regular season game of the year.

Quarterback Ron Crockton took little time in last year's match to generate the Norsemen offense. On the third play of the opening drive, he raced 65 yards to set up the first score.

On the following series of the defensive shutdown, the Norsemen traveled 72 yards on four plays.

Freshman Tommy Coc broke several tackles as he rushed 65 yards to be stopped on the 2-yard line.

Freshman Vaughn Dunbar then changed the trend in the second quarter and scored a touchdown on a 34-yard TD pass to lead the Norsemen.

This year, NEO's average of 463.5 yards per game is the lowest offensive output over the past 18 years. The previous low was 290 yards per game during the 1973 season.

Our offense has started to do some of the things we've been working on all year," said Wolfe.

One of the credits for the Norsemen surge in offense is freshman quarterback Jack Wilk, who made his second start against Grand Rapids last Saturday.

"We got another good performance from Wilk at QB. He made the option well and made some good decisions in that game," said Wolfe.

"He needs more work on timing in passing situations. We only had four completions out of 10 passes, but a couple of those passes should have been caught," said Wolfe.

"If we can make the catches that we're making, we could have a championship. Two or three more points in that game would have been huge." said Wolfe.

"We seem to be coming closer to what we want to accomplish with our offense. We know that we can operate the option with success, so now we want to develop our passing game off that. Offensively, the ground game needs to improve against Iowa." said Wolfe.

The Tritons will be back in action Saturday, 4-7 p.m. at Poteau, Okla., in a league game against the Tritons. The game will be broadcast on the radio.

Merry Christmas and a Happy New Year.

Trinita's at a glance

Coach Paul Shupe (22nd year)

Last Year's Record: 3-6

Returning Starters: 5 on offense and 4 on defense.

Season Outlook: Returning 29 veterans from a team that finished fourth in the Iowa Junior College Conference, veteran coach Paul Shupe has the Tritons looking for revenge against the Norsemen.

Quarterback Jeff Nuzzo (6-4, 200) is the Tritons offensive star along with running back Kevin Tiner (5-10, 200).

Defensively, the Tritons return Mike Fertile (6-0, 220) at quarterback.

Last Year's Scores: Iowa Central 21, Western Illinois 14

This Year: Iowa Central 16, Western Illinois 14

This Year's Scores: Iowa Central 17, Western Illinois 14

This year, the Tritons are 17-14-1 in 22 previous meetings against the Norsemen.

Ladies finish third

Opening the rodeo season in Pratt, Kan., the Lady Norse rodeo team placed second overall recently in the Pratt Community College NRCHA-sanctioned rodeo.

Competing against a total of 62 barrel racers, freshman Bill Lowe of Fortuna, Kan., paced the Lady Norse by posting the highest average in the women's barrel race. Lowe posted a 17.66 second run in the initial go-round to place third in the first go round.

Lowe came back the second day of competition and ran a 17.46 to finish second in the short go round. Her short go round time was third fastest of the rodeo.

Lowe's combined total of 35.12 for both go rounds captured first place in the average.

Amy Hamblet, a freshman from Cheyenne, Kan., split fourth place in the first go round of the girl's barrel racing competition. Hamblet ran a 9.3 time in the Marion's of Southern States State University.

Humble posted a 38.9 in the short go round of the girls barrel racing competition and ran 20.2 in the second go round to place her fourth in the overall average.

Southwestern State captured the team title with 144 points. Notwestern State University was second with 146 points. The Lady Norse finished third with 157 total points.

Defense stifles Raiders

Excellent defensive play and ball handling on offense carried the Golden Bears to a 15-point victory over the Raiders, 33-18, at the Coliseum on Saturday. The Bears scored on their first five possessions, including a 54-yard touchdown run by tailback Bernard Holloway, who ran for four touchdowns.

Freshman quarterback Rickie Hall, in his second consecutive start, threw three touchdown passes and completed 16 of 33 passes for 253 yards. The Bears had 514 yards of total offense, compared to 229 for the Raiders.

The Bears extended their lead to 21-7 in the second quarter and never looked back. They led 14-7 at the half.

Defensive tackle Michael Blake had 10 tackles and one sack. He also forced a fumble and recovered a loose ball.

The Bears scored on their first possession, a 64-yard touchdown pass from Hall to wide receiver Mark von der Hude.
