Nursing student receives national Helene Fuld Health Trust award

Rebecca Tison, a first-year nur-

sing student, has been selected as a recipient of the prestigious Helene Fuld Health Trust Award. Tison was notified by the Marine Corps National Bank, N.A., trustee of the Helene Fuld Trust Fund, that she will be one of only 50 recipients nationwide to receive the scholarship. Money from the award will enable Tison to attend the Seventh International Conference on Cancer Nursing to be held in Ven-

nza, Italy, August 20-22.

Enrollment for mid-term classes slated before break

Spring mid-term classes are scheduled to begin March 23 so that Patricia can be available for admissions and records. Within the state system of higher education will be made possible largely through $411,250 in grants approved recently by the Oklahoma State Regents for Higher Education.

A grant total of $411,250 will be distributed, among 42 state colleges and universities to enable these libraries to become part of a statewide computerized library network.

State regents approves statewide link for libraries

I applaud professional development opportunities for Oklahoma college, university, and community school faculty, as well as electronically linking all libraries in the state system of higher education will be made possible largely through $411,250 in grants approved recently by the Oklahoma State Regents for Higher Education.

Not only will Oklahoma students and citizens have easier accessibility to resources, but efficiency is enhanced when libraries share information rather than purchasing the same materials at a college or university across the state. Broch said the 42 institutions slated to receive $22,108 portions of the grant are Oklahoma Panhandle State University, Goodrich University of Science and Arts of Oklahoma, and Emory University of Alabama State College.

NEW COMPUTER CARD CATALOG

Student services director of the Learning Resources Center, displays a card which displays information of other technical services, assistant, will utilize along with Mary Langley, head of technical services, a new computerized card catalog which will be used in 32 state colleges and universities.
Proposal designed to reform workers comp

A proposal designed to reform workers compensation system in Oklahoma was passed by the state Senate. The bill, which was sponsored by Senator John Doe, seeks to reduce the costs of workers compensation claims by implementing a number of reforms.

Many state lawmakers feel that the current system is too expensive for businesses and workers alike. The proposal would require employers to pay into a state fund to cover the costs of workers compensation claims, rather than having each employer pay separately.

The proposal would also require employers to purchase insurance to cover the costs of workers compensation claims. This would shift the burden of cost onto the insurance companies and away from the employers.

Some opponents of the proposal argue that it would increase the cost of doing business in Oklahoma. However, supporters say that the proposal would actually save businesses money in the long run by reducing the costs of workers compensation claims.

In conclusion, the proposal designed to reform workers compensation system in Oklahoma is a positive step towards making the system more affordable for both employers and employees. It is hoped that the proposal will be passed by the state legislature and implemented as soon as possible.

Reading instructor emphasizes progress through different levels

By Rachel George

"I teach college-level classes all the way up to a senior in college who asks me to teach a remedial class," said Carla Brummet, reading instructor at Buchanan State University. She is currently working on her master's degree in reading at Ohio State University, and hopes to obtain it this summer.

"When a student is placed in reading improvement, they are instructed to take the Nelson-Denny reading test for reading placement," said Brummet.

"This test is not to place a student in a particular reading level that's best suited to them," Brummet said.

"I would also like to stress that this is not a remedial course, and the responsibility of progress rests on each individual student.

"This course is open to anyone over the age of 18, and the focus is on improving reading skills," said Brummet.

"In this class there is a lot of one-on-one contact with the student. I teach each skill as a module, and the student works at their own pace." Brummet said.

"I teach the reading skills from a dictionary entry, and the student needs to understand how to use the dictionary and find the meaning of words." Brummet said.

"The student is also taught how to find the main idea of a story, and recognize the main point of a given story." Brummet said.

"I also teach the student how to find the main idea of a story, and recognize the main point of a given story." Brummet said.

Buchanan offers voters an alternative

Patrick J. Buchanan, Republican presidential candidate, said today that he would "challenge the great divide" to challenge Bush.

He has described past efforts to "challenge the great divide" as "a false solution" and "not a real solution." Buchanan said today that he would "challenge the great divide" to challenge Bush.

"I have been a challenge today to the great divide," Buchanan said.

"I am a leader of the great divide," Buchanan added.

"I am a leader of the great divide," Buchanan added.

"I am a leader of the great divide," Buchanan added.

"I am a leader of the great divide," Buchanan added.

"I am a leader of the great divide," Buchanan added.

Recordkeeping vital for tax returns

Just by keeping good tax records a person can save time and money when filing their tax returns. A person must have statements and receipts that support their income, deductions, and credits claimed on the return.

If a person records all income, they can save hours of looking for W-2 forms or lost receipts and cancelled checks.

These records will help a person prepare a return that is complete and correct.

Here are a few things that will help a person save time and money:

- Keep copies of all tax returns.
- They can help prepare for future returns or of a person needs to file an amended return.
- Save all statements showing income received. This includes forms W-2 and W-3, showing wages and pension payments, and forms 1099-INT and 1099-DIV, showing income from interest and dividends.
- Keep track of income from work in which a person was not an employee.
- A person should make notes on their checksbook.

It can be a basic source for keeping records of deductions.

When preparing a return a person can figure out the amount is a deductible expense.

Controlled checks alone are not always proof that an amount can be deducted.

Save the receipts, sales slips, and any other documents to support the items in your checklist.

Get receipts for cash. If a payment is made in cash, get a completed, dated, and signed receipt for any payment that may be deductible.

Many records together in one safe place. Keep records in a way that is best suited for your needs as long as they can be supported.

One method is to keep a computer and mark it for each kind of expense.

For example, all child care receipts can be kept in one envelope and all income statements in another.

Usually records should be kept for three years after the due date of your return.

To read more on recordkeeping, get a free copy of the IRS publication 552, Recordkeeping for Individuals.

This publication also indicates what records to keep if a person chooses to itemize all of their deductions.

Call 1-800-829-3636 in order Recordkeeping for Individuals.

By following these simple guidelines, a person can save time and money when filing a tax return.

Instructor injects humor into lessons

By Bobbi McMillen

"Pure comedy is the heart of my teaching," said Jimmy Brown, a speech instructor.

"Pure comedy is based on truth. It adds a heightened sense to what is going on."

Brown mixes comedy into his fundamentals of speech class. The class deals with public speaking in an audience or formal setting.

"You might say that the class is a basic overview of speech or the fundamentals level," Brown said.

He received his teaching fundamentals at Louisiana Tech University where he earned a bachelor of arts in music.

He continued his education at Oklahoma State University where he received his master's in speech with an emphasis on theater.

"As a graduate student working toward my masters I discovered my teaching style. The old school method of teaching just didn't work for my students," said Brown.

Brown believes that he is a student-oriented instructor, not an administrative-oriented teacher.

"If my teaching on what my students are capable of. In other words, my teaching is not set in stone."

I believe that the report I am here to help my students. The class college level is where we're supposed to help the students set down roots, become without root, nothing can grow. Brown said.

"He's the best of the best. He's a great teacher every class. He's the heart and soul of the class," said Cheryl Miller, a sophomore from Bixby.

"The class is personal. You don't realize that your learning but you are," said Miller.

Brown stresses to his students the fact that they have those fundamental of speech such as finding a topic, researching the topic, organizing the speech, and then giving the presentation before an audience.

The fundamental are very important, said Brown.

Ladies open softball season

Unable to take advantage of some timely hits, the Lady Norse softball team lost three games to Oklahoma State last week in Stillwater. Ranked number 11 in the NCAA polls, the Cowboys won 14-3 and 10-0 in Friday and Saturday games. OSU is now 15-3 on the season.

Coach Woody Morrow’s Lady Norse squad will travel to Houston, Texas for the Houston Tournament on March 14-17.

Norse face tough competition

Falling victim to the lack of days, their first week ends with a bang. The Golden Norse, in a first round matchup in the National Junior College Athletic Association’s Region B tournament, were downed by the U.S. International College of Vinncennes, Ind. Under Spencer’s guidance, the Golden Norse were upset in a 12-0 defeat, a score which included a five-run inning.

Coach Dan Sparks has guided Vincennes to a 21-10 record and a 12-1 record in Region B. Ranked No. 1 in the nation, Vincennes defeated Cumberland (S.C.) 12-0 in the first round.

Under Sparks, 13-year career, Vincennes has compiled 546 victories and four national championships. Vincennes has won three NJCAA national championships in 1963, 1970, and 1972. He finished the season with 39 runs allowed, 18 in two games.

The Norse are averaging 14.7 points and 8.7 runs scored per game.

Baseball squad pummels Crowder

Building on seven-game winning streak, the Golden Norse defeated Crowder Community College 10-3 Monday at Homer Thomas Field.

With the win, the Norse improved to 12-3 on the young season.

On Tuesday, Norse athlete-director Bill Haggerty was named Assistant Coach of the Year for the Naismith Basketball Hall of Fame.

In addition, Crowder Community College won 12-0 over the Norse, who scored 10 runs in the second game.

The Norse scored 12 runs in the third game and 10 runs in the second game and Chris Pulpan collected a double and single. Robert Nettles added a double and single as well.

Against Murray State in the final game, Norse left-hander Victor Hernandez allowed one run and struck out six in five innings, as the Norse gained a 2-1 victory.

Hernandez improved his record to 3-0 on the season with a 1.10 ERA as he struck out 18 batters and walked 15.

**NEO dominates Region**

**Ladies gun down Connors Cowgirls in finals**

On Tuesday and running through the final of Saturday evening, the Lady Norse will play the North Dakota Lake Region team from Devils Lake, N.D., at 3 p.m. on Wednesday, March 19.

The Lady Norse 72-Connors 44

During the final game of the opening half the team changed hands 13 times before the Norse of Connors State could build a three-point cushion at the 9:19 mark.

A 3-point field goal by Jan Maxwell and two layups underneath by Sherri Pond gave the Lady Norse a 35-20 lead into the lockerroom at the half.

"What made the difference was that we had a balanced attack. We had a bunch of people playing and making big plays at just the right time when things seemed to be going wrong," said head coach Roddy Grogan.

Eddie Person took control of the Lady Norse offense with six straight points while Harper scored four and Parley two to give NEO a 39-24 margin with 6:20 left in the game.

With two minutes left in the game it became evident that the Lady Norse inside game was taking over.

Person scored two points off a layup, followed by a shot by Harper and the Lady Norse entered the lockerroom at 27:00.

Person led the Lady Norse scoring attack with 12 total points, Harper added 11 and Parley contributed 10 points.

Person was selected the most valuable player of the tournament and teammpe Harrez was also a member of the all tournament team.

**Norse 72-Connors 66**

The Lady Norse ended the season during their last game of the opening day with a 77-59 game against the Seminole at 9:00 a.m.

Eddie Person controlled the start by building a 16-9 lead at the 15:00 mark.

Person sank six straight free throws during the scoring run.

Faye Person contributed a double double to lead the Lady Norse into the championship round.

Person led the team with 18 points followed by James Lewis who added 14 points. Lewis and Sherridon Polder scored 12 points each.

Person also added 13 points against the Lady Norse.

The Norse 99-Connor 73

Veteran forward Jan Maxwell has a career-high 35 points, 13 points for 8 points to tip the Lady Norse past Northern in the second round of the Region 11 playoffs.

During the final 10 minutes, the Norse and the Lady Norse jockeyed for the lead, but they could not get the lead 31-31.

Maxwell came on the second half and two quick shots. After being outscored 12 points, he brought it inside and Maxwell another another point the Lady Norse held a 31-3 lead at the 14:17 left in the game.

Maxwell came on the second half and two quick shots. After being outscored 12 points, he brought it inside and Maxwell another another point the Lady Norse held a 31-3 lead at the 14:17 left in the game.

Maxwell came on the second half and two quick shots. After being outscored 12 points, he brought it inside and Maxwell another another point the Lady Norse held a 31-3 lead at the 14:17 left in the game.
