Who’s Who nominations accepted

By Caille Dukes
Managing Editor

Students that want to be considered for the Who’s Who Among American Junior College Student award can pick up an application form at any faculty member or in the office of the Vice President for Academic Affairs located in the Greek Library/Administration building. “This is a prestigious award presented to the top students in our 1,400 colleges,” said Tom Ever, coordinator of the selection committee.

The awards are offered to all second semester sophomore who have 45 credited hours or more. The awards are based on scholarship, leadership, service, loyalty, and character, as well as how they participate in and out of class activities.

A selection committee composed of faculty members and administrators will review the applications for the final selection. Not only are students selected on the basis of scholarship, leadership, service, loyalty, and character, but also on the following criteria:

Cumulative Grade Point Average 4.0 is worth 20 points;
3.9 is worth 19 points;
3.8 is worth 18 points and so forth
All the way to 3.0 which is worth 10 points.

NED Approved Organization and Activities: this category is worth a maximum of 5 points. In order to receive the points of the organization portion of the award, the application must have a column completed for each organization and the organization’s faculty advisor must sign for each organization.

Only organizations that meet the requirements of the students affairs office are considered as campus organizations.

Each organization may not count for more than two points.

One point is received for participating as a member and one additional point for being an officer.

Representations of the college in clubs which compete on a regional or national level in events which are worth five points maximum.

Applications must be returned to post office box 4856 in the college Post Office not later than this month, Monday, Jan 29.

Students selected for the honor will receive publication of their photographs and a biographical sketch in several publications.

Teacher of the Month

search begins in January

By Kellee Bland
News Editor

When classes resume in January, students will have the opportunity to vote for “Teacher of the Month.”

This new program was adopted during a recent meeting of Dr. Carroll’s Presidential Cabinet meeting.

“The idea itself came out of a group discussion in the meeting,” said Chris Davis, Student Body Government president and a member of the Cabinet.

“We saw the good things the Staff Association was doing with employee of the month, and thought it would be a good idea.”

There are no set qualifications that a teacher must have, but one thing Davis insists is that a teacher who has made a difference in a student’s life.

“This could be through knowledge learned, examples set, or friendship.”

Nominations will be made through the Student Body Government.

“If a student has someone they wish to nominate, they can contact their SGB representative if they are in a club, and SGB officer, or call the SGB office at ext. 693.”

“The nominations will be taken at the first SGB meetings in each month. At the second meeting of the month we will vote on the nominations.”

“This way the students will have a chance to know a little about who they are voting on.”

“Members of the SGB believe that the faculty is a very important part of our campus. We hope that this will foster communication between students and instructors, and we hope they realize that we appreciate them a great deal.”

Campus projects continue throughout spring semester

Walking around campus this year, students have been able to witness many projects that were being worked on.

Now many of the projects have been completed, according to Tom Poole, Vice-President for Fiscal Affairs.

“Members of the SGB believe that the faculty is a very important part of our campus. We hope that this will foster communication between students and instructors, and we hope they realize that we appreciate them a great deal.”

The dismantled boilers for inspection by Oklahoma Department of Labor have been cleaned and reassembled. A new swimming pool pump and chlorination system has been installed.

North college farm house has new air conditioning installed.

“From Jan 1, 1995 to Oct. 31, 1995, 2,306 route work orders were completed,” Poole said. The light fixtures on first and second floors of the Learning Resources Center were replaced.

The north farm house, windows and insulation were replaced, addition of bathroom and bedroom, and general remodeling has been completed.

Commons Hall has been painted.

The painting exterior of house on the corner of Rockdale and “T” has been completed.

New cooling towers have been installed in Harrell Dobson Hall.

Installation of HVAC circulating pumps and cooling towers at Russell and Yarn Hall has been completed.

They have completed work on underground cooling storage tank to meet EPA standards.

A new computer controlled valve at Library/Administration Building has been installed to better regulate temperature.

A new roof on the Health Physical Education and Recreation building has been completed.

They have finished installing hangers for televisions.

Yarn Hall’s bathroom has been repaired.

In Harrell Dobson basement, valves were replaced and two ice separators have been added.

A heater has been installed in Harrell basement.

Two new multistone and one single stone controllers have been installed to enable economizer to work in library and Library for better control of heat and air conditioning.

Asbestos removal and new air circulation installed in Library were completed.

Dr. King delivers prophetic speech

Editor's note: in observance of Dr. Martin Luther King's birthday celebration last Monday, the Norse Whistle plans to reprint this speech presented by Dr. King in 1963.

I am convinced that if we are to get on the right side of the world revolution as a nation, we must undergo a radical revolution of values. We must rapidly begin the shift away from this "brute power" society to a "person-centered" society.

A true revolution of values will come about...the time has come for America to say: "This is not just."

The Western arrogance of feeling that it has everything to teach others and nothing to learn from them is not justified.

A true revolution of values will lay hands on the world order and say: "This way of setting differences is not just." This business of haggling being bought with currency, of filling our nation's homes with ornate and valuable objects while people, on the other hand, are starving...can no longer go on.
