Enrollment process continues

James O'Heal
Managing Editor

Students currently attending NEO should be aware that the enrollment procedure for the 1996 summer and fall schedules has begun.

Howdy White, dean of admissions and records, stated that listings of the class schedules may be obtained at the Admissions and Records Office or at the Learning Resource Center located in the Library/Administration building.

Permits are now being issued for students graduating in December. Graduating sophomores (40 hours or above) may obtain their permits from the Admissions and Records office.

Currently enrolled students are able to enroll and pick up their permits at this time.

New students who are currently enrolling will be able to begin the process on April 13 at the Admissions Office.

After processing and registering, the new students will be sent an appropriate divisional director for the assignment of an academic advisor.

Returning students will retain their current advisors unless there is a change in their major, which in that case, a new advisor will be given to them.

Veterans who wish to enroll at NEO should visit the veterans coordinator's office located in the Admissions and Business Office complex.

Graduating seniors must visit with their advisors to complete and sign a curriculum guide.

Their signed curriculum guide, enrollment sheet, and advisor's transcript must be turned into the Admissions and Records office.

The student's official class schedule will be issued to them by their advisors during enrollment.

NEO strides forward in technology world

Prototyping machine becomes part of instruction

NEO has become one of the few schools in the nation who have the opportunity to use a new prototyping machine which has become invaluable in modern industrial technology.

Of an estimated 18 colleges and technical schools in the United States, NEO was fortunate to obtain the JPS Rapid Prototyping machine.

The machine allows for the rapid production of plastic models. This makes changes to a model over a short period of time.

According to Ron Combs, the computer-aided drafting and design instructor at NEO, the prototyping machine was obtained for use in the computer-aided drafting and design class taught on campus by Ron Combs.

"Our main training has been teaching students how to use the CAD systems, but this is a very up-and-coming technology that students will soon need to know to become employed in future industry environments," Combs said.

Likewise, about 35 students are learning how to use the prototyping system in Combs' computer-generated design class.
Young people lack guidance

Nation-wide violence on school grounds continues to escalate

By Billy Bury

In one of the most shocking events since the Oklahoma City bombing, individuals decided to play judge, jury and executioner with human lives.

I'm referring to the recent shooting at Jonesboro, Ark, middle school where five people died and 10 more were wounded.

What kind of individual could commit such a crime against human nature? Well, the answer is 11 and 13 year old boys that were cousins.

Boys that in predetermined fashion pulled a fire alarm and opened fire on the students as they filed outside.

Of the dead were four girls no older than 13, one English teacher, two students and another teacher were wounded in the attack.

Why would someone commit such a vile crime against another human being? The 13-year-old was jilted by a girl. Reportedly the boy warned "he had a lot of killing to do" yet no one heeded his warnings.

The 13-year-old was jilted by a girl. Reportedly the boy warned "he had a lot of killing to do" yet no one heeded his warnings.

The 13-year-old was jilted by a girl. Reportedly the boy warned "he had a lot of killing to do" yet no one heeded his warnings.

Before anyone in town could react the police, as of his friends and charged them with conspiracy saying that the suspects were part of a group dealing with a 16-year-old.

This isn't happening in big cities. Jonesboro is a town of 46,000, smaller than New York City, smaller than Tulsa.

What's going on here? What's going on is that these kids don't have the guidance that they need.

These acts of violence and insanity are moving to smaller towns all across the nation. These are not the acts of kids, they are acts of adults.

They are acts of adults.

What's the difference? Why can't we stop it? Because we don't know how.

Perhaps it's the parents of the children's fault, maybe they didn't teach their kids what needed to be learned.

Children today don't know how to deal with the fact that they can't get everything that they want in life.

They've been handed everything that they wanted or else have taken everything that they want and get to a point that there is something that they can't have and snap.

What's wrong with these children? Is it not at school it starts at home, the school system is not responsible for raising someone's child.

What kind of world do we live in when our kids aren't safe anymore, they can't even go to school without someone trying to take aim at them.

Perhaps it's time for us to start looking at our selves and the world around us and start to make changes before it's too late and our children lose the innocence they deserve and need.

HECK BILL - I KNOW THINGS CAN GET PRETTY BORING - AROUND HERE ON WEEKENDS BUT IT'S NOT THAT BAD!!
Honor students selected for top academic award

Fourteen students from NEO have been nominated for the 1998 edition of Who's Who Among Students in American Junior Colleges. Campus selection committees and editors of the annual Who's Who directory have included the names of these students based on academic achievements, service to the community, leadership, extracurricular activities, and potential for future success.

In its 33rd year, the program has bestowed on an annual basis, the honor to outstanding campus leaders representing over 1,600 institutions of higher learning in all 50 states, the District of Columbia, and a number of foreign countries.

The organization has honored the arms of higher education by rewarding and recognizing individual academic excellence on a national level. In addition, the program provides additional educational institutions in all sections of the country for the program to be a true reflection of the caliber of American junior college students.

Jody Able of Wyandotte is a member of the medical/science fraternity Phi Beta Lambda, serving on the lead planning committee for the Oster Science Learning Students, and a Student Body Government representative for Phi Theta Kappa.

Stephen Fieler has maintained a 3.9 grade point average as an animal science major at the University of Nebraska. He has been an active member of the Student Council, the Concert Choir, and the Men's Singers. He is the son of Muller and Dave Bovenkamp.

Larry and Kay Humphrey.

Wendy Kees, an animal science-production major from chicken, has maintained a 3.9 grade point average as an animal science major at the University of Nebraska. She has been an active member of the Student Council, the Concert Choir, and the Men's Singers. She is the daughter of Dewey and Lynne Kees.

Angela Underwood, a psychology major from Miami, has served as Student Body Government representative for the Student Council, the Concert Choir, and the Men's Singers. She is the daughter of George and Linda Underwood.

She has maintained a 3.5 grade point average. She is also a member of Phi Theta Kappa and the Alpha-Delta Society. She is the daughter of George and Linda Underwood.

GETTING A PERMIT
An unidentified student asks for an enrollment permit to begin the process at the Records and Admissions office located on the first floor of the Creech Library/Administration building.

Enrollment continues

Photos by Lacey Mangum

FINAL CHECK
Howdy White, director of Records and Admissions, checks over the applications of two coeds that are starting the enrollment process. Students must receive a permit before going to an academic advisor.

LINES BEGIN TO FORM
Students start to gather outside the registrar's office to begin the enrollment process which will continue Monday through Friday from 8 a.m. to 4 p.m. Students can enroll either for summer or fall semester courses.
Golden Norsemen host round robin classic

By Josh Maxson

Storm Editor

Springing out of the gate, the Golden Norsemen were swept in a Bi-State Conference action against Eastern.

The Norsemen dropped coach Kirk Pasko's team 3-1 on the young season and 1-0 in conference play.

The Golden Norsemen finished as a 3-5 finisher with a double-header against Crowder Community College.

Eastern 9-6 - NED 0-2

An abscence of fielding errors and a lack of timely hitting helped Eastern put the Norsemen 0-0 and 0-2 in Bi-State action.

Accounting for only four hits on their offense, the Golden Norsemen suffered a 0-0 loss on the hands of the Eastern Mountaineers during the opening game of the double-header.

Travis Tyrer managed to collect two of the four Norseman hits while John Chadbuck and T.J. McFarland both fanned.

T.J. McFarland walked both batters during the second, third, and sixth innings.

Eastern went 5-0 in the first two innings of action, allowing advantage of four walks and a two-run double by Dennis Hendrickson.

Three straight singles from Hendrickson, Jamie Reddick and Pat Brown helped the Mountaineers lead to 7-0 in the bottom of the fourth inning.

An error, wild pitch, and a wild pitch lead to Eastern's final run in the sixth inning. The Norsemen led an early 2-0 lead in the bottom.

Mount Beller singled with one out in the first inning and moved to second on a fielder's choice. He scored on a Steven Dale RBI single.

Chadbuck hit a 1-2 pitch during the second inning over the leftfield fence for his fourth home run of the season.

Errors once again played a major role as Norsemen errors and a two-run double allowed the Mountaineers to take a 3-2 lead.

After Mike Stone doubled to start the fifth inning for Eastern, Reddick reached on a throwing error by NED shortstop Trevor Troxel as Stone scored for a 4-2 cushion.

Reddick then scored on a fielder's choice.

Eastern added four more runs on four hits in the sixth inning as Chadbuck and Troxel collected two hits each to lead the Norsemen while Casey Littlefield, Bailer and Beller added a single each.

NED 15 - Sauk Valley 6

An offensive explosion lead the Golden Norsemen to a 15-6 win over Sauk Valley Community College.

Two NED errors lead to four Sauk Valley runs in the first inning. The key hit coming from Ryan Ricks.

The Norsemen struck back quickly sending 10 batters to the plate in the third inning. The key hit coming from Ryan Ricks.

The Norsemen struck back quickly sending 10 batters to the plate in the bottom of the first inning, scoring four runs.

T.J. McFarland walked scoring.

John Dorsey doubled to score both Tyler and McFarland for a 7-0 lead.

Putting single singles in the second and third innings increased the Norsemen lead to 9-4.

NED stretched their lead to 10-4 when Marks connected for their second homer of the season.

Sauk Valley scored their final two runs of the game in the fifth inning when Brian Recker delivered a two-run single.

A three-run fifth was highlighted by RBIs from both Jeff Dorsey and Tyler. Chadbuck connected for another homerun in the fifth as the Norsemen put the game away.

Chadbuck led the 12/11 Golden Norse attack with a 4-4 performance with four RBIs.

Dorsey also went 3-3 with three doubles and three runs batted in.

NED 11 - Indian Hills 2

Pitching out of the first time this season as freshman left-hander Andrew Rey shutdown second-ranked Indian Hills, Blawood as NED cruised to a 12-2 victory.

NED increased their lead to 3-0 in the bottom of the second inning on a solo homerun by Trevor Troxel.

The Golden Norsemen built a 7-0 lead in the third inning when Chris Marks ledoff the inning with a homerun.

Walks to T.J. McFarland, Ryan Kennedy, Troxell and Matt Bailer along with a single by John Chadbuck gave them the cushion.

The Ontario, Canada native Roy evaded his record at 1-1 on the season while only giving up five hits. He recorded 10 strikeouts and only three walks in a complete game effort.

A 10-hit Norseman attack was led by Chadbuck who homered and had two singles.

Sauk Valley 11-6 - NED 8-6

The Golden Norsemen fell to Sauk Valley 11-8 and 9-5 in the opening two games of the round robin classic.
Ladies battle both weather and lapses in regular slate

By Josh Maxson
Sports Editor

Northern 11-Lady Norse 3
Rain caused the format of the annual Crowder Tournament to be reduced from 15 teams over a two-day period to six teams playing in Bartlesville last Sunday.

Freshman leftfielder Angie Ayres and veteran catcher Keri Stanton paced the Lady Norse with two singles each as NEO suffered an 11-3 loss to the Lady Mavericks.

Deb Shaler led Northern with three singles.

Butler County 8-Lady Norse 5
Butler County scored a double by Lacey Crump and a RBI single by Teri Messener in the top of the eighth inning to edge past the Lady Norse in the second game of the Crowder Classic.

Jodi Rivers led the Lady Norse with a 4-for-4 performance while Jamie Prince and Lindsey Jarvis added two singles each.

Tami Holdman collected three hits to lead the Lady Grizzlies offense.

Crowder 5-Lady Norse 4
Allowing three runs in the bottom of the seventh inning, the Lady Norse suffered a one-run loss to the arch-rival Lady Riders in the final game of the Crowder Classic.

Singles by Ginger Krueger, Deb Rudio, DeAnna Bowman and Lacey Shipman rallied Crowder from a 4-2 deficit in the bottom of the seventh.

Janie Prince, Kim Hartling and Shauna Sullivan collected two hits each to lead the Lady Norse.

Cowley County 6-Lady Norse 3
Three unearned runs in the bottom of the sixth inning carried the Cowley County (Kan.) to a 6-5 victory over the Lady Norse in the finals of the rain-shortened Midwest Junior College Classic.

Played in Sand Springs, the classic was reduced to one day because of heavy rains.

With the Lady Norse leading 5-2 in the bottom of the sixth inning, Cowley County received a single from Denise Fasler, a walk to Amantha Vandevier and consecutive RBI singles by Gina Wellborn and Kelii Kerr to grab the lead.

NEO scored single runs in the first, third, fourth, fifth and sixth innings to grab the lead.

Stanton paced the Lady Norse with two singles while Jarvis added a double.

Tammy Merid led the Lady Tigers with two singles.

Lady Norse 7-Allen County 4
Freshman Angie Ayres hit a three-run homerun in the bottom of the sixth inning to lead the Lady Norse to a 7-4 victory over Allen County (Kan.) Community College in the second game of the Midwest Junior College Classic at Sand Springs.

Outfielder Kasey Webb added a double and two singles while Stanton contributed three singles and a double.

Veteran first baseman Lorenda Littlefield contributed three singles while Jarvis hit a two-run homer.

Jamestown County-Lady Norse 4
Scoring an unearned run in the top of the 11th inning, Johnson County (Kan.) held on for a 5-4 win over the Lady Norse in the last round of the Midwest Classic at Sand Springs.

Singles by Kaylee Webb, Hartling and Sullivan along with a double by Jarvis rallied the Lady Norse to a 3-3 tie in the third inning.

Jarvis, Sullivan and Tracy Brown collected two hits each to lead the Lady Norse offensively.

EXECUTIVE DECISION

Lady Norse coach Eric Iverson (center) holds a conference with his players in between innings of a game played last year on the NEO diamond. Because of scheduling problems and rainy weather, the Lady Norse won't play their first home game until Saturday, April 4, when they host arch-rival Comers State College in a 2 p.m. Bi-State Athletic Conference double-header.
The Norsewind – the NEO A&M College Newspaper

Digital copies of The Norsewind, Northeastern Oklahoma A&M College’s student newspaper, are available in .pdf format on the NEO website for non-commercial purposes only. Scans were created using the best available editions through the assistance of the Oklahoma Higher Education Historical Society from microfilmed images. Where stains, color-fading, contributed marks or ripped pages were visible on the original, they also appear in the digital copy. NEO newspaper editions that do not appear on the website are not part of the collection at present. If you would like to donate a missing, damaged or incomplete copy of The Norsewind, please contact the NEO Library.
