

Authorization To Credit Financial Aid to Student Account

Student's Name _____ ID # _____

Federal regulations require that we collect an authorization from you if you want your student financial aid to be used to pay for any educational expenses. Giving this authorization is optional, however, should you select "No", you will be responsible for full payment prior to the release of your financial aid. Indicate "Y" below to give NEO authorization to use your financial aid to pay ALL charges placed on your student account. These charges can include tuition, fees, books purchased on credit through the NEO Bookstore, on-campus room and board, supplies, tools, equipment, miscellaneous bookstore charges, parking fees, library fines, emergency loans, returned check charges, and minor charges incurred in a prior academic year of attendance.

By checking "NO", you understand that you will be responsible for all current and minor prior year charges before any federal aid will be released to your student account. You will not receive an immediate refund (should you be eligible), and will be billed for 100% of your fees before your financial aid will be paid to you.

Yes

Please check "Yes" or "No"

No

This statement will be kept in your permanent file in the Office of Financial Aid (OFA), and will remain in force throughout your academic career at NEO. Should you wish to rescind this authorization, please contact the OFA.
