HISTORY OF PRESIDENTIAL PARTNERS AT NORTHEASTERN OKLAHOMA A&M COLLEGE

Since its inception in 2009, the NEO Presidential Partners program has been instrumental in improving NEO in areas that are often underfunded. From cultural mainstays like Miss Indian NEO to student necessities like ACT prep courses, support from the Presidential Partners ensures that students have the resources they need to succeed.

To date, Presidential Partners have supported nearly half a million dollars in projects on campus. The heart of NEO is the student body, and our Presidential Partners support students in a variety of ways. One prime example is the Textbook Bank, which allows students to visit the library to use textbooks from the most common courses on campus free of charge.

Presidential Partners also support academic awards such as the Top Ten Freshmen. Each year, we have the opportunity to recognize the cream of the crop, highlighting the ten most outstanding students during their freshmen year. Additionally, Presidential Partners support student and academic clubs across campus to encourage students to get the most out of their college educational experience.

Many of our students excel not only in the classroom, but on the field, arena, mat, or court as well. Presidential Partners show our nationally competitive athletic teams their appreciation in many ways, including travel expenses and national tournament gear. A student-athlete truly feels the support of our alumni and the community when they receive shirts or jackets for their national title run.

To maintain an excellent student body, we must also support our faculty and staff. The Presidential Partners show their support each year through funding of the NEO Service Awards. These awards highlight new talented employees as well as those who have gone above and beyond their job description.

PRESIDENT'S GREETING

The Presidential Partners program is crucial to the success of Northeastern Oklahoma A&M College.

Support from our Partners reaches every corner of campus and impacts the lives of students, staff, and faculty to ensure an outstanding NEO experience.

In an era of fluctuating state appropriations, private support is absolutely critical to the success of our students. Over 90% of NEO students receive some form of financial aid and many students from northeast Oklahoma are under resourced. Programs such as the NEO Textbook Bank can be the difference in a student continuing with their classes or dropping out of higher education entirely. The need is real and support from our Partners is crucial in helping students achieve their academic goals.

I hope you will join me in becoming a Presidential Partner. You can rest assured knowing that your support will truly make an impact in student lives and improve not just NEO, but our community as well.

As a Partner myself, I want to assure you that my door is always open. We owe it to our students, faculty, and staff to work together to make NEO the premiere two-year educational institution in the nation.

Dr. Kyle J. Stafford
President

Dr. Kyle Stafford became the 16th president of Northeastern Oklahoma A&M College in January 2020. Prior to his tenure at NEO, Dr. Stafford served for two decades at Southeastern Oklahoma State University, where he conducted a \$1.4 million fundraising program to support the school's aviation program, helped increase the Southeastern Foundation's assets by 26%, and played a significant role in reversing a six-year enrollment decline; growing first-year freshman enrollment by over 25%. Dr. Stafford is a native of Madill, OK, and he and his wife, Kim, have two daughters, Miranda Matlock and Emma.
